

**Table 1. Summary of Advanced Meter Deployment Activities
By Electric Distribution Company (EDC) Service Territory &
Electric Generation Supplier (EGS) Request (1999-2001)
Period Ending October 1, 2001**

EDC	Advanced Meter	EGS	Cumulative Totals
Allegheny Power	0	0	0
Citizens' Electric	0	0	0
Duquesne Light	0	0	0
GPU	General Electric kV	DTE Energy	0
	General Electric kV	Duke Solutions	0
	General Electric kV	PPL Energy Plus, LLC	23
	General Electric kV	Connectiv	14
	General Electric kV	American Coop Serv, Inc.	3
	General Electric kV	Allegheny Energy Supply	4
	General Electric kV	Enron	1
	General Electric KV	Select Energy Inc.	1
PECO	0	0	0
PPL	Siemens RXR S4	DTE Energy	5
	Siemens RXR S4	GPU Advanced Resources	6
	Siemens RXR S4	PPL Energy Plus	15
	General Electric Phase III	First Energy Trading	1
	General Electric Phase III	PPL Energy Plus	0
	Schlumberger Quantum	PPL Energy Plus	6
PennPower	0	0	0
UGI	0	0	0
Wellsboro	0	0	0
Total			79

Table 2. Summary of Electric Generation Supplier License (EGS) Advanced Meter Services Provider Certification (AMSP) Status (1999-2001) Period Ending October 1, 2001

Electric Generation Supplier	Docket	EGS License	AMSP
1. C3 Communications	A-110132	April 27, 2000	Not Submitted
2. Ameren Communications	A-110134	August 17, 2000	10/00: Incomplete Application- Returned to Applicant
3. Datapult, LP	A-110149	June 6, 2001	Not Submitted

** These entities submitted an Electric Generation Supplier (EGS) license application to the PA Public Utility Commission (Commission) and received approval on the referenced dates. EGS licensure is a prerequisite for Advanced Meter Services Provider Certification pursuant to applicable Competitive Metering Specifications. After obtaining an EGS license, the entity must also obtain Commission approval for Advanced Meter Services Provider Certification (AMSP). The requirements for AMSP Certification are located in the Reference Manual at Docket No M-00991233. The AMSP Certification process is in addition to the EGS Licensure process.*
