

CHARGE Conference Call

June 10, 2010 – 9:30 a.m.

Call-in number: 1-866-618-6746 and Access Code: 6060145

Topics for Discussion

1. EGS Marketing Activities

- Discussion of next steps following special meeting on June 7, 2010

2. Supplier Consolidated Billing Implementation

- EDEWG will have a document ready to submit to CHARGE around the end of June
- Supplier tariff proceeding pending before PUC limits our ability to discuss

3. Eligible Customer List

- Staff is finalizing a recommendation for the PUC to address various ECL issues relating to uniformity and availability of customer information needed by EGSs (target: July 15 PM)

4. Default Service Bid Information

- Staff seeking feedback on the approach followed by FirstEnergy as a starting point for standardizing release of default service auction results and formulation of price to compare
- FirstEnergy approach may be viewed at this link:
http://www.firstenergycorp.com/supplierservices/Pennsylvania/Met-Ed_and_Penelec/Met-Ed_and_Penelec_Default_Service_Information.html

5. Estimated State Tax Amount on Bills

- Question has arisen about whether the presentation of “estimated total state taxes” on residential bills is required for generation charges of EGS as there is no standard treatment among EGSs
- Staff has determined that EDC tax components are Capital Stock, Property Tax-Local and PURTA, State Unemployment Compensation, PA State Income Tax, and Gross Receipts Tax.
- Staff is conducting further review of statute and regulations to offer guidance to EGSs on this issue; interested in feedback from group on value of having information on bills about taxes (other than GRT) paid by EGSs

6. Historical Usage Requests

- PUC's order adopted on June 3, 2010 in Petition of PECO Energy for Approval of Smart Meter Technology Procurement and Installment Plan clarified PECO's obligation to provide historical usage information in response to EDI request when a customer has previously restricted release of this information but has given the EGS a letter of authorization
 - Link to the order:
<http://www.puc.state.pa.us/general/ConsolidatedCaseView.aspx?Docket=M-2009-2123944>
- Staff expects Secretarial Letter to be issued clarifying this obligation for all EDCs

7. Last-In Enrollments

- Spreadsheet was previously circulated to show how EDCs handle multiple enrollments for the same customer before the 16-day cut-off date
- Issue of whether to standardize these processes going forward should be discussed

8. Mixed Meter – EGS Authority

- Questions have been raised about whether EGSs must have authority to serve residential customers when a residential customer is served as part of a mixed meter situation
 - Staff's prior guidance was that if the customer is served under a Residential rate schedule, the EGS should have authority under the license to serve residential customers (and that residential consumer protections would apply)
- During the April 29 call, EGSs expressed concerns about needing a license to serve residential customers if they are contracting with a commercial entity, such as a military base, due to marketing, reporting and compliance differences
- Based on concerns raised during April 29 call, staff has revisited this issue and now believes that it may not be necessary for an EGS to obtain a license to serve residential customers or to afford residential consumer protections when the EGS contracts with and bills the commercial customer
 - Staff will try to close the loop on this issue soon and provide any necessary clarification

9. AEPS Summit

- AEPS Summit will be held on June 17 in Hearing Room 1, Keystone Building, 1:00-4:00 p.m.
- June 1, 2010 Secretarial Letter is attached

10. CHARGE Contact List

- Contact list is on website at the following link:

http://www.puc.state.pa.us/electric/electric_CompetitiveMarketOversight.aspx

- Please send contact information or updates to ra-ocmo@state.pa.us; purpose of this list is to enable stakeholders to contact one another directly to resolve issues and is separate from email distribution list

11. Meeting Schedule for Remainder of 2010

- June 24, 9:30 a.m.
- July 8, 9:30 a.m.
- July 22, 9:30 a.m.
- August 5, 9:30 a.m.
- August 26, 9:30 a.m.
- September 9, 9:30 a.m.
- September 30, 9:30 a.m.
- October 14, 9:30 a.m.
- October 28, 9:30 a.m.
- November 18, 1:30 p.m. (Note: different time)
- December 9, 9:30 a.m.
- December 23, 9:30 a.m.

TO: ALL ELECTRIC DISTRIBUTION COMPANIES AND ELECTRIC GENERATION
SUPPLIERS

RE: Alternative Energy Program Standards Credit Compliance Summit

The Pennsylvania Public Utility Commission (PUC) through its Bureau of Conservation, Economics and Energy Planning (CEEP) is hosting an Alternative Energy Program Standards (AEPS) Credit Compliance Summit on June 17, 2010.

The purpose of the meeting is to bring together all of the Electric Distribution Companies (EDCs) and Electric Generation Suppliers (EGSs) who may have AEPS credit compliance obligations for the 2009-2010 and/or 2010-2011 compliance years. The meeting will include presentations by PUC staff, the AEPS Credit Administrator, a representative of Generation Attribute Tracking System (GATS) and the Department of Environmental Protection to discuss their roles in ensuring AEPS compliance and to discuss our expectations for EDCs and EGSs in fulfilling their AEPS obligations.

Participation in the Summit is required by each EDC and EGS that had Pennsylvania retail electric sales during June 1, 2009 to May 31, 2010 or that anticipates having such sales during the June 1, 2010 to May 31, 2011 period. Company representatives may participate in the Summit by attending in person or via conference call. Our preference is for at least one representative from each EDC and EGS to attend the Summit if possible. Companies may have more than one representative participate in the Summit if they wish. Representatives participating in the Summit should either be those: 1) responsible for AEPS compliance obligations; or 2) possessing a working knowledge of AEPS requirements and able to bring the information provided at the Summit back to the persons at their respective companies who are responsible for AEPS compliance.

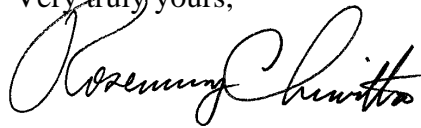

The meeting will be held in the Commonwealth Keystone Building, 400 North Street, Harrisburg, Pennsylvania. We have reserved Hearing Room 1 on the second floor from 1:00 P.M. to 4:00 P.M. on June 17, 2010 for the meeting.

We believe that this meeting will be beneficial for those EDCs and EGSs that have had AEPS compliance obligations in the past and particularly beneficial for companies that will have compliance obligations for the first time in the 2009-2010 and 2010-2011 compliance years.

If you have any questions about the meeting, please contact Pat Shaughnessy at 717-787-5553 or pashaughne@state.pa.us.

The conference dial-in number is 1-866-618-6746 and the Access Code is 6060145.

Very truly yours,

Rosemary Chiavetta
Secretary

cc: Chairman's Office
