

InfoMAP Update

September 8, 2005

The PUC is continuing to make significant progress in moving forward with the Information Management and Access Project (InfoMAP) to update our case management system and to provide for electronic access and filings. Thank you for your continued interest in this important project.

Below are a number of new target dates and upcoming milestones necessary to launch InfoMAP. We will keep you apprised of further developments.

- **The Request for Proposal is being finalized**
- **The target date for issuance of the RFP is September 16**
- **A pre-proposal conference, which must be attended by potential bidders, will be scheduled on or around October 3**
- **The specific date, time, location and instructions for the mandatory pre-proposal conference will be included with cover letter accompanying the RFP**
- **It is expected that bids will be due by November 28**
- **Selection of the successful bidder(s) will occur promptly so that the project may commence during the first quarter of 2006**
