**PA PUBLIC UTILITY COMMISSION
SECRETARY'S BUREAU**

**Re: Petition of Duquesne Light Company Petition for Approval of its
Energy Efficiency and Conservation and Demand Response Plan
Docket No: M-2009-20932178**

Dear Secretary Chiavetta:

Enclosed for filing and Commission's approval are an original and three copies of Duquesne Light Company's proposed **CONFIDENTIAL** Conservation Service Provider ("CSP") Agreement for its Curtailable Load Program for residential and small commercial customers in the above-referenced proceeding. **Please note that the CSP Agreement, which includes three exhibits, is CONFIDENTIAL and should not be placed as part of the public record.**

Act 129 requires the Commission to establish procedures to review all proposed energy efficiency contracts with conservation service providers prior to execution of the contract. 66 Pa. C.S. § 2806.1(a)(8). In selecting this CSP, Duquesne considered all of the factors the Commission deemed important in its Implementation Order at Docket No. M-2008-2069887, including quality of prior performance, timeliness of performance, quality of the proposed work plan or approach, knowledge, background and experience of the personnel to be utilized and other factors deemed relevant. The selected CSP is a PUC approved and registered CSP under Docket No. A-2009-2102368. Further, the selection of this CSP has previously been approved by the Commission in order dated October 14, 2011 in this proceeding.

Duquesne requests prompt review and approval of this Agreement since it is important that this proposed contract be executed and that this demand reduction program finalized as soon as possible.

Sincerely yours,

Gary A. Jack
Assistant General Counsel
