Re: Joint Petition of Metropolitan Edison Company, Pennsylvania Electric Company, and Pennsylvania Power Company for Amendment of the Orders Approving Energy Efficiency and Conservation Plans and Petition for Approval of First Amended Energy Efficiency and Conservations Plans – Docket No. M-2009-2112956, Pennsylvania Power Company Tariff Pa. P.U.C. No. 35, Supplement No. 82

Dear Secretary Chiavetta:

Transmitted herewith for filing with the Pennsylvania Public Utility Commission ("Commission") are an original and eight (8) copies of Supplement No. 82 to Pennsylvania Power Company's ("Penn Power" or the "Company") Tariff Electric Pa. P.U.C. No. 35, in compliance with the Commission's Order at Docket No. M-2009-2112956 which bears an issue date of January 20, 2012. The tariff changes contained in Supplement No. 82 are proposed to be effective with service rendered on or after February 1, 2012.

The purpose of Supplement No. 82 is to reflect in Penn Power's tariff the implementation of the First Amended Energy Efficiency and Conservation Plan Charge rates for the Commercial, Residential, and Industrial Customer Classes for service rendered on or after February 1, 2012 through May 31, 2013. Supplement No. 82 is being filed pursuant to the Commission's Order at Docket No. M-2009-2112956 entered January 12, 2012.

NOTICE

This Supplement Makes Changes to Existing Tariff -- See Seventy-sixth Revised Sheet No. 1

LIST OF MODIFICATIONS

RIDERS

Increase, Decrease, and Change

Energy Efficiency and Conservation Charge Rider rates have changed (See Fifth Revised Sheet No. 60.1).

Energy Efficiency and Conservation Charge Rider Industrial Customer Class rates will be calculated on a KW basis instead of on a KVA basis (See Fifth Revised Sheet No. 60.1 and Thirteenth Revised Sheet No. 60.3).

ENERGY EFFICIENCY AND CONSERVATION CHARGE RIDER

An Energy Efficiency and Conservation ("EEC") Charge ("EEC-C") shall be applied to each Billing Unit during a billing month to Customers served under this Tariff. Billing Units are defined as follows:

Residential, Non-profit, Commercial, and
Street Lighting Customer Classes: Per kWh (C)

Industrial Customer Class: Per KW (C)

Residential, Non-profit, Commercial, and Street Lighting Customer Class rates will be calculated to the nearest one-thousandth of a cent per kWh. Industrial Customer Class rates will be calculated to the nearest one-hundredth of a dollar per KW. The EEC-C rates shall be calculated separately for each Customer Class according to the provisions of this rider. (C)

For service rendered February 1, 2012 through May 31, 2013 the EEC-C rates billed by Customer Class are as follows:

Residential Customer Class (Rate Schedules RS; RS Optional Controlled Service Rider; RH; RH Water Heating Option; and WH): (I)
0.285 cents per kWh.

Non-profit Customer Class (Rate Schedule GS Special Provision for Volunteer Fire Companies, Non-Profit Senior Citizen Centers, Non-Profit Rescue Squads, and Non-Profit Ambulance Services, and Rate PNP): (D)
0.023 cents per kWh.

Commercial Customer Class (Rate Schedules GS, GS Special Rule GSDS, GS Optional Controlled Service Rider, GM, GM Optional Controlled Service Rider, PLS, OH With Cooling Capabilities, OH Without Cooling Capabilities, and WH Non-Residential): (I)
0.128 cents per kWh.

Street Lighting Customer Class (Rate Schedules SV, SVD, and SM): (I)
2.001 cents per kWh.

Industrial Customer Class (Rate Schedules GP and GT): (C) (I)
\$1.11 per kW.

(C) Change
(I) Increase
(D) Decrease

Energy Efficiency and Conservation Charge Rider (Continued)

- EEC_{Exp3} = An allocated portion of the costs the Company incurs to fund the Commission's statewide evaluator contract which shall be excluded in the final determination of the Act 129 limitation on the Company's EEC Programs costs.
- E = The cumulative over or under-collection of EEC costs by Customer Class that results from the billing of the EEC-C rates (an over-collection is denoted by a positive E and an under-collection by a negative E).
- S = The Company's projected (kWh sales delivered to all Customers in the specific Customer Class or KW demand based on PJM peak load contribution).
- T = The Pennsylvania gross receipts tax rate in effect during the billing month expressed in decimal form as reflected in the Company's base rates.

All capitalized terms not otherwise defined in this rider shall have the definitions specified in the Definitions of Terms section of this tariff. For the purpose of this rider, the following additional definitions shall apply:

1. EEC-C Computational Period – The 39-month period from March 1, 2010 through May 31, 2013.
2. EEC-C Reconciliation Year – The 12-month period ending May 31 each year for the duration of this rider.
3. Peak Load Contribution – A Customer's contribution to a zone's normalized summer peak load, as estimated by the Company.

Upon determination that the EEC-C rates, if left unchanged, would result in material over or under-collection of all recoverable costs incurred or expected to be incurred by Customer Class, the Company may request that the Commission approve one or more interim revisions to the EEC-C rates to become effective thirty (30) days from the date of filing, unless otherwise ordered by the Commission.

The Company shall file an annual report of collections under this rider within thirty (30) days following the conclusion of each EEC-C Reconciliation Year.

At the conclusion of the duration of this reconciliation rider, the Company is authorized to recover or refund any remaining amounts not reconciled at that time under such mechanism as approved by the Commission.

Application of the EEC-C rates shall be subject to annual review and audit by the Commission.
