unconventional wells. For class 1 pipelines that have distribution service (farm taps), provide the number of farm taps in the appropriate column.

After calculating the total mileage on the appropriate chart, indicate the total mileage of all in-state (PA) pipeline in operation as of December 31st of the prior year for all Classes 2, 3, and 4 gas pipeline or high consequence area (HCA) hazardous liquids pipelines on the top right hand corner of the Registration Form.

On Attachment "C," entitled "Country of Manufacture," indicate the country of manufacture for all tubular steel products installed in Pennsylvania during the prior calendar year for the exploration, gathering, or transportation of natural gas or hazardous liquids. If more than one country of manufacture is indicated, list the pipeline mileage for all countries by the percentage of content from each country. If the percentage of content from each country is unknown, then divide the mileage evenly between the countries. Also indicate whether a Material Test Report form is available for the listed pipe in the appropriate column.
