Re: Docket No. A-125099, Spark Energy Gas, LP's Natural Gas Supply Services License
Amendment to Service Residential and Small Commercial Customers

Mr. McNulty:

On November 9, 2011, Spark Energy Gas, LP ("Spark Energy") filed a letter informing the Pennsylvania Public Utility Commission of its intentions to expand its customer class to include residential and small commercial customers, as well as, expanding its service territories thereby effectively amending its Natural Gas Supplier license issued on March 23, 2001.

Spark Energy now requests to withdraw its proposed license amendment filed on November 9, 2011, but respectfully reserves the right to resubmit such an amendment at some later time to be determined by Spark Energy.

Thank you for your time and consideration in this matter.

Respectfully submitted,

Paige Lockett
