Public Utility Commission
Docket Number M-2012-2289411
Attention: Secretary
P.O.Box 3265,
Harrisburg, PA 17105-3265

Dear Public Utility Commission:

In order to help businesses and families continue to save money on their bills, to create jobs, and to promote other economic and environmental benefits, please extend the energy efficiency programs under Act 129 (M 2012-2289411) through at least 2018. In addition, please structure the program to require Energy Efficiency and Conservation Plans that will maximize funds available for efficiency programs as well as maximize annual and 5-year cumulative energy savings as allowed by current legislation (an overall goal of at least 1% per year and 5% cumulative for years 2013-2018). I support energy efficiency standards to strengthen the economy and protect our environment.

I have also attached a list of 1660 Sierra Club supporters who have signed up online in support of this position.

Sincerely,

William Kramer
