Re: **Aqua Pennsylvania, Inc - Docket No. R-2011-2267958**

Dear Secretary Chiavetta:

Aqua Pennsylvania filed a Petition for Joint Settlement on April 20, 2012. Upon review, there was an inadvertent error on two of the tariff pages. The correct tariff pages are attached and should replace those filed on April 20, 2012.

Please contact me at (610) 645-1077 should you have any questions.

Respectfully submitted,

Kimberly A. Joyce
Regulatory Counsel and Manager of Legislative Affairs

RIDER - STATE TAX SURCHARGE APPLICABLE TO ALL RATES

In addition to the net charges provided for in this Tariff, a surcharge of 0.0000% will apply to all bills issued on and after April 1, 2012.

The above surcharge will be recomputed using the elements prescribed by the Commission in its policy at 52 PA Code section 69.51 et seq.:

- On or before March 31 of each year; and/or
- Whenever the Company experiences a material change in any of the taxes used in calculation of the surcharge due to a change in the applicable tax rates, or in the basis of calculating such tax rates, or due to changes in the state tax liability arising under the law.

The recalculation will be submitted to the Commission within 10 days after the occurrence of the event which occasions such recomputation or as prescribed in the Commission's regulations or orders. If the recomputed surcharge is less than the one in effect, the utility will, or if the recomputed surcharge is more than the one in effect, the utility may, submit with such recomputation a tariff or supplement to reflect such recomputed surcharge. The effective date of such tariff or supplement shall be 10 days after filing or as prescribed in the Commission's regulations or orders. In the event that the Company files an increased surcharge subsequent to 10 days after the occurrence of an event which occasions a recomputation, the effective date of such tariff or supplement shall be 60 days after filing in accordance with section 1308(a) of the Public Utility Code, 66 C.S. section 1308(a)(regarding voluntary changes in rates) unless otherwise directed by the Commission.

The surcharge shall be rolled into base rates when increased or decreased base rates are made effective

DISTRIBUTION SYSTEM IMPROVEMENT CHARGE (DSIC) (D)

In addition to the net charges provided for in this Tariff, a surcharge of 0.00% will apply to all bills issued, excluding public fire hydrants, on or after June 8, 2012.

I. General Description

Purpose: To recover the fixed costs (depreciation and pre-tax return) of certain non-revenue producing, non-expense reducing distribution system improvement projects completed and placed in service and to be recorded in the individual accounts, as noted below, between base rate cases and to provide the Company with the resources to accelerate the replacement of its aging water distribution infrastructure, to comply with evolving regulatory requirements imposed by the Safe Drinking Water Act and to develop and implement solutions to regional water supply problems. Company projects receiving PENNVEST funding are not DSIC - eligible property.

Eligible Property: The DSIC-eligible property will consist of the following:

services (account 3330), meters (account 3340) and hydrants (account 3350) installed as in-kind replacements for customers;

mains and valves (account 3310) installed as replacements for existing facilities that have worn out, are in deteriorated condition, or upgraded to meet Chapter 65 regulations of Title 52;

main extensions (account 3310) installed to eliminate dead ends and to implement solutions to regional water supply problems that have been documented as presenting a significant health and safety concern for customers currently receiving service from the Company or the acquired Company;

(C) Indicates Change
