Petition of PPL Electric Utilities : **Docket No. P-2012-2320369**
Corporation For An Evidentiary Hearing :

**PREHEARING MEMORANDUM
OF THE
STATEWIDE EVALUATOR**

Pursuant to Section 333 of the Public Utility Code, 66 Pa.C.S. § 333, and in response to the Prehearing Conference Order issued in the above-captioned matter, administrative counsel for the Statewide Evaluator (SWE) provides the following information:

I. INTRODUCTION AND BACKGROUND

On March 1, 2012, the Pennsylvania Public Utility Commission (Commission) requested comments regarding issues instrumental to its ongoing efforts to implement the requirements of Pennsylvania's Act 129 of 2008 (the Act or Act 129, effective November 14, 2008) codified at 66 Pa. C.S. §§ 2806.1 and 2806.2. The Commission also conducted a stakeholder meeting on March 16, 2012, to provide parties an opportunity to identify additional issues raised by its request for comments.

On May 11, 2012, the Commission entered a Tentative Implementation Order at Docket Nos. M-2012-2289411 and M-2012-2069887 seeking comments on proposed consumption reductions, guidelines for implementing Phase II of the Energy Efficiency and Conservation (EE&C) Program, and released the SWE's Market Potential Study.

The Commission directed interested parties to file comments and reply comments. The Commission also held a stakeholder meeting on June 5, 2012, to provide stakeholders with the opportunity for questions and answers with the SWE related to the baseline studies and the Market Potential Study. By comments and through stakeholder meetings, parties raised due process concerns regarding the data used by the Commission to set individual utility consumption targets.

On August 3, 2012, the Commission entered its Implementation Order that, *inter alia*, recognized the due process concerns raised by the parties. In response, the Commission provided for the instant proceeding to allow electric distribution companies to challenge the data underlying the consumption reduction requirements established for each company. *Energy Efficiency and Conservation Program*, Docket Nos. M-2012-2289411 and M-2008-2069887, Implementation Order at 30-32 (August 3, 2012). The SWE is participating in this proceeding in accord with the Implementation Order.

II. ISSUES AND SUB-ISSUES

The SWE does not intend to raise issues beyond the material contained in the previously released Statewide Evaluator reports and data. These reports and data include the following materials:¹

- e) Appendix 3 - Commercial/Industrial Sector data

2) Pennsylvania Statewide Residential End-Use and Saturation Study

3) Pennsylvania Statewide Commercial & Industrial End Use & Saturation Study

III. SERVICE ON THE STATEWIDE EVALUATOR

The Statewide Evaluator will be represented in this case by administrative counsel Shaun A. Sparks and Krystle J. Sacavage. Counsel agrees to accept electronic service of documents. In addition to e-service to both Mr. Sparks (shsparks@pa.gov) and Ms. Sacavage (ksacavage@pa.gov), counsel requests that parties serve a hard copy of each document as follows:

IV. WITNESSES AND EVIDENCE

The SWE does not intend to present written expert testimony in addition to the reports and data discussed in Section II of this memorandum.

To avoid waste of Commonwealth resources, counsel respectfully requests that the Presiding Officer take judicial notice of the public online availability of the Statewide Evaluator reports and data on the Commission website for the limited purpose of service

of these materials on the parties. The SWE will provide hard copies of these materials to any requesting party and will provide hard copies to the Presiding Officer and court reporter. The SWE will provide expert witness qualifications in accord with the approved procedural schedule.

The Statewide Evaluator specifically reserves the right to call additional witnesses as necessary pending discovery and discovery responses from the Parties, if any.

Also in the interest of administrative efficiency, counsel requests that the Presiding Officer permit the SWE witnesses to provide panel testimony at any evidentiary hearings. This will work to avoid recalling witnesses during the cross-examination phase (and on redirect), if any.

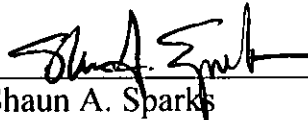

V. PROPOSED SCHEDULE

The SWE will cooperate to develop an acceptable procedural schedule in accord with the limitations below. The SWE witnesses are available for evidentiary hearings September 26-28, and October 1-3, 9, 18-31.

VI. DISCOVERY

Appendix A contains proposed amendments to the Commission's discovery regulations. Administrative counsel believes that these amendments will assist the parties in clarifying issues and will help bring this proceeding to timely conclusion.
