## RIDERS

## Rider S (continued)

At the conclusion of the duration of this reconciliation rider, the Company is authorized to recover or refund any remaining amounts not reconciled at that time under such mechanism as approved by the Commission. The Company will continue to accumulate all approved program costs for Phase II until September 30, 2016. A Final Reconciliation will be performed by rate class, comparing actual program costs with actual revenues received from Phase II EE&C-C rates. Any over-collection will be refunded to customers and any under-collection will be charged to customers through Phase II EE&C-C rate to be effective January 1, 2017, until all amounts determined by the Final Reconciliation have been collected or refunded.

Upon determination that the Phase II EE&C-C rates, if left unchanged, would result in material over or under-collection of all recoverable costs incurred or expected to be incurred by Customer Class, the Company may request that the Commission approve one or more interim revisions to the Phase II EE&C-C rates to become effective ten (10) days from the date of filing, unless otherwise ordered by the Commission.

The Company shall file an annual report of collections under this rider by April 30th of each year until the conclusion of this rider.

At the conclusion of the duration of this rider, the Company is authorized to recover or refund any remaining amounts not reconciled at that time under such mechanism as approved by the Commission.

Application of the Phase II EE&C-C rates shall be subject to annual review and audit by the Commission.
