dio show told him the story of finding a late 18th-century tea caddy in upstate New York which he just had to restore. When work was begun, the restorer found a secret compartment. Inside was a pouch with a handwritten, moving letter from the owner deeding the caddy, pouch and the contents — seven fully faceted diamonds — to an illegitimate daughter. In the letter, the diamonds were likened to the tears shee over giving up the child. "It wasn't the value of the stones; they weren't the best cut, although in those days they might have been worth the equivalent of \$25,000 today," Kent said. "It was the story that mattered. And how do you put a value on a sentiment that is priceless?"

Re: Electric Supplier License Application of EnergyWindow, Inc.

Dear Mr. Okoro:

I received a request from Mr. Rodrock for additional information to complete our License Application. Please see the information provided below:

1. Registered Agent – Phone number 717-526-4330 Fax number 717-526-4401
2. Notice – Please see copies attached of proof of service from the United States Postal Service and cover letters to the four parties listed on page 6 of the application along with the cover letter to Mr. McNulty.
3. Tax Certification Statement – the N/A box should have been checked for both the Sales Tax License Number and the Corporate Box Number.
4. Proof of Compliance with the bonding:

Filing for a modification to the \$250,000 and furnishing a copy of an initial bond, letter of credit or proof of bonding to the Commission for the amount of \$ 10,000. Applicant is required to provide information supporting an amount less than \$250,000.

EnergyWindow, Inc. offers a comprehensive suite of information technology-based tools and extensive energy industry expertise to help businesses manage their energy supply cycle. Specifically, EnergyWindow offers an online request/bid system for energy procurement on which buyers post requests for quotations and licensed suppliers bid to provide service. Service agreements are executed between buyers and suppliers; EnergyWindow is not a party to the agreements. EnergyWindow does not supply energy, take title to energy, nor accept deposits from customers. Fees for use of the EnergyWindow online system are in most cases paid by the winning supplier following execution of the agreement of the contract between buyer and seller. EnergyWindow is applying for the license as an aggregator to obtain historical usage information through EDI that's used in the request/bid system and thereby speed the process and reduce the time and effort associated with buyer posing requests and soliciting bids

We understand that the bond of \$250,000 is required of suppliers to ensure compliance with applicable provisions of the Public Utility Code and the rules and regulation of the Pennsylvania Public Utility Commission by the Principal as a licensed electric generation supplier; to ensure the payment of Gross Receipts Tax as required by the Public Utility Code; and to ensure the supply of electricity at retail in accordance with contract, agreement or arrangements. The only activity EnergyWindow, Inc. intends to engage in Pennsylvania is that of obtaining historical usage information in support posting requests for quotation. We have obtained appropriate licenses and currently obtain usage information in several other states, including New Jersey, Massachusetts, and Maryland. EnergyWindow was not required to post bond in New Jersey or Massachusetts and a bond is required there

EnergyWindow respectfully requests the Commission to consider reducing the bond requirement for Pennsylvania from \$250,000 to \$10,000 to guarantee EnergyWindow's confidential treatment of customer's information.

I sincerely hope this information completes the requirements of the Electricity Supplier License Application. Please contact me at your earliest convenience if I can assist in expediting the application.

In addition to the information you requested, we are also utilizing this letter as notice to the commission that EnergyWindow recently moved its offices to 1900 Folsom Street, Suite 207, Boulder, Colorado 80302. Our main phone line remains the same at 303-444-2366; however, our fax number has changed to 303-443-4409.
