PA PUBLIC UTILITY COMMISSION  
SECRETARY'S BUREAURe: Pennsylvania Power Company Amended Final Annual Report to the  
Pennsylvania Public Utility Commission and Act 129 Statewide Evaluator  
M-2009-2112956

Dear Secretary Chiavetta:

Enclosed please find an original, a copy and a disk of Pennsylvania Power Company's ("Penn Power") Amended Final Annual Report to the Pennsylvania Public Utility Commission and Act 129 Statewide Evaluator for the period June 2012 through May 2013, Program Year 4.

Based on feedback from the Commission's Bureau of Technical Utility Services, Penn Power has produced an amended Phase I Annual Report that provides further detail surrounding reduction impacts during the Company's Top 100 hour period. Information contained in this report is consistent with data provided directly to the Statewide Evaluator ("SWE") and in response to SWE data requests.

Specifically, Penn Power has amended Tables and Figures to distinctly show 3 scenarios for reporting Top 100 Hour Demand Reduction Impacts, as specified below:

1. On-TRM results consistent with published 2012 TRM protocols, referred to as "TRM Top 100 Hours MW Achieved" or "TRM" throughout the report.
2. Results that correct the TRM to reflect an 8.8% Residential CFL coincidence factor consistent with previous joint utility comments to SWE and TUS Staff<sup>1</sup>. These results are referred to as "TRM Corrected Top 100 Hours MW Achieved" or "TRM Corrected" throughout the report.
3. Results informed by evaluation activities that include specific deviations from the 2012 TRM protocols to more accurately assess the impacts of Residential Lighting during the

<sup>1</sup> Joint EDC Comments on Residential Coincidence Factor, March 12, 2013, p. 3, Items 2a-c.

Company's Top 100 Hours. Penn Power believes these more precise evaluation results best demonstrate compliance with ACT 129's unique Demand Reduction target. These results are referred to as "Evaluated Top 100 hours MW Achieved" or "Evaluated" throughout the report.

In addition to providing these demand reduction details, Penn Power's filings also include edits to correct certain financial, TRC, and other information provided in the original filings made on November 15, 2013.

Please date stamp the copy and return to me in the enclosed, postage-prepaid envelope. Should you have any questions regarding this matter, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Carrie M. Dunn". The signature is fluid and cursive, with the first name "Carrie" being the most prominent.
