Supplemental Exhibit No. 5  
Docket No. A.108155  
Central Transport, Inc.

REVISED SCOPE OF AUTHORITY SOUGHT (As Amended 11/01/88)

Property, in bulk, in tank and hopper-type vehicles, between points in Pennsylvania.

Provided that no right, power or privilege is granted to transport asphalt, cement, cement mill waste, dolomitic limestone and dolomitic limestone products, dry litharge, fly ash, limestone and limestone products, mill scale, roofing granules, salt, sand, scrap metal and stack dust.

Provided that no right, power or privilege is granted to transport aviation gasoline, butane, diesel fuel, fuel oil (grades 2, 4, 5 and 6), gasoline, kerosene, motor fuel, propane, turbo fuel, cryogenic liquids, dispersants and refrigerant gases.

Provided that no right, power or privilege is granted to transport corn syrup and blends of corn syrup, flour, honey, milk and milk products, molasses, sugar and sugar substitutes.

Provided that no right, power or privilege is granted to perform transportation in dump vehicles.

Provided that no right, power or privilege is granted to provide services from the facilities of PENNWALT Corporation, located in the city and county of Philadelphia, or in the county of Bucks, to points in Pennsylvania, and vice versa.

PREPARED TESTIMONY OF GEORGE KELLER  
WITCO CHEMICAL CORPORATION

My name is George Keller. I am Central Regional Traffic Manager for Witco Chemical Corporation, with my offices located at 77 North Kendall Avenue, Bradford, PA 16701. I have been employed by Witco since 1956 and have held the position of Central Regional Traffic Manager since 1970. In that position I am familiar with the transportation requirements of the company and am authorized to appear in support of the application of Central Transport, Inc., and its efforts to obtain authorization to perform intrastate service between all points in Pennsylvania.

I have reviewed documentation furnished to me by Central Transport concerning that carrier's participation in the traffic of Witco originating at Bradford, Petrolia and Trainer, Pennsylvania during the period October 1987 through September 1988. Those records reflect that Central Transport has handled on behalf of Witco 431 loads from Petrolia to 21 states as follows:

<u>State</u>	<u>No. of Loads</u>	<u>State</u>	<u>No. of Loads</u>	<u>State</u>	<u>No. of Loads</u>
AR	1	MA	1	OH	21
CT	2	MD	2	SC	15
GA	1	MI	6	TN	4
IL	109	MO	4	TX	5
IN	5	NC	10	VA	8

DOCUMENT  
FOLDER

<u>State</u>	<u>No. of Loads</u>	<u>State</u>	<u>No. of Loads</u>	<u>State</u>	<u>No. of Loads</u>
KY	53	NJ	139	WI	1
LA	1	NY	19	WV	24

Central also originated 84 loads at Bradford destined to eleven different states as follows:

<u>State</u>	<u>No. of Loads</u>	<u>State</u>	<u>No. of Loads</u>
AL	3	MI	2
FL	11	NC	3
IL	8	NJ	2
IN	39	OH	2
KY	6	VA	6
MD	2		

Central also originated 26 loads at Trainer, Pennsylvania destined to Illinois (21 loads); Michigan (1 load); and North Carolina (4 loads).

Our experience with Central Transport has shown us that that carrier is capable of furnishing us with the type of trailers necessary for the transportation of our product, the power units for providing effective pick up and delivery of the loads, and personnel capable of accomplishing safe loading, transport and unloading of our product. Based on that experience with Central Transport, it is my belief that the availability of service from Central Transport and transportation of our product between points in Pennsylvania would be a benefit to the transportation needs and convenience of Witco Chemical Corporation.

PREPARED TESTIMONY OF VALGENE FRYE  
PENNZOIL PRODUCTS COMPANY

Htg  
T. Thompson

My name is Valgene Frye. I am Traffic Manager for Pennzoil Products Company which uses Penreco as a trade name. My business address is R. D. #2, Box 1, Karns City, Pennsylvania 16041. I have been employed by Pennzoil for the past 15 years, and for the past eight years have held the position of Traffic Manager. In that position I am familiar with the transportation requirements of my company and am authorized to appear in support of the application of Central Transport, Inc.

I have reviewed documentation furnished to me by Central concerning that carrier's participation in the traffic of Pennzoil originating at Karns City, and Rouseville during the period October 1987 through September 1988. Those records reflect that Central Transport has handled on behalf of Pennzoil 484 loads from Karns City to 19 states as follows:

<u>State</u>	<u>No. of Loads</u>	<u>State</u>	<u>No. of Loads</u>
AR	19	MO	15
AZ	2	NC	39
CT	5	NJ	74
GA	8	NY	48
IL	102	OH	109
IN	2	SC	15
MA	4	TN	4
MD	7	TX	1
MI	28	WI	1
		WV	1

DOCUMENT FOLDER

NOV 29 1988

Central also originated 61 loads at Rouseville destined to nine states as follows:

<u>State</u>	<u>No. of Loads</u>	<u>State</u>	<u>No. of Loads</u>
GA	4	NY	4
IL	12	OH	1
IN	1	SC	14
KY	6	WV	3
MD	16		

Based on our experience with Central Transport in performing interstate transportation such as that discussed above, we recognize that they have the type of trailers necessary for the transportation of our product and that they are in a position to supply, and have supplied, power units for prompt pick up and delivery of our loads. The drivers of Central have demonstrated an ability to accomplish safe loading, transport and unloading of our product. If the services of Central were made available to Pennzoil for the handling of Pennsylvania intrastate traffic, we believe that access to that additional service would be of benefit to the transportation needs and convenience of Pennzoil.
