James J. McNulty, Secretary  
Pennsylvania Public Utility Commission  
Commonwealth Keystone Building  
400 North Street, 2nd Floor  
Harrisburg, PA 17120

VIA HAND DELIVERY

**Re: Application of BP Energy Company for approval to offer, render, furnish, or supply electricity or electric generation services as a supplier of electric generation services, primarily as a marketer or market aggregator, to commercial, industrial and governmental customers in the Commonwealth of Pennsylvania; Docket No. A-110144**

**Application of BP Energy Company for Approval To Offer, Render, Furnish, or Supply Natural Gas Supply Services to the Public in the Commonwealth of Pennsylvania; Docket No. A-125142**

Dear Secretary McNulty:

Pursuant to its continuing obligation to report changes in the information provided in its initial application, BP Energy Company ("BP Energy"), a licensed electric generation and natural gas supplier in Pennsylvania, submits this informational report to the Pennsylvania Public Utility Commission ("Commission").<sup>1</sup> Please be advised that none of the changes reported herein represent a "material change" in BP Energy's organizational structure or operation as defined in Section 54.34 of the Commission's Regulations.

Included in this informational filing are the following:

- Updated "Supplier Company Contacts" Form (Attachment A);
- Updated List of BP Energy's Officers and Directors (Attachment B); and,
- Updated List of BP Energy's Chief Officers, Addresses and Resumes (Attachment C).

<sup>1</sup> BP Energy received its authority to provide electric generation supplier services by Order entered January 11, 2001; and its authority to provide natural gas supplier services by Order entered November 3, 2005.

VIA HAND DELIVERY

**Re: Application of BP Energy Company for Approval To Offer, Render, Furnish, or Supply Natural Gas Supply Services to the Public in the Commonwealth of Pennsylvania; Docket No. A-125142**

Dear Secretary McNulty:

By this letter, BP Energy Company, a licensed natural gas supplier authorized to provide service in Columbia Gas of Pennsylvania's service territory, respectfully requests authority to expand its service area to include large commercial, industrial and governmental customers within the UGI Utilities, Inc., service territory. Enclosed is correspondence from UGI indicating that BP Energy Company has satisfied all financial obligations to serve transportation customers on UGI's system.

By way of background, BP Energy filed a License Application on August 17, 2005, to operate as a supplier of natural gas supply services in the entire Commonwealth of Pennsylvania. On September 26, 2005, BP Energy filed Proofs of Publication evidencing BP Energy's notice of its License Application to newspapers across the Commonwealth. By letter dated October 18, 2005, BP Energy Company requested that the Commission permit BP Energy Company to begin providing service on an initial basis to customers on the Columbia Gas system. As BP Energy Company received proof of its financial responsibility from other Pennsylvania local distribution companies ("LDCs"), however, BP Energy Company reserved the right to submit them to the Commission and request that certificates of public convenience be issued such that BP Energy Company may begin providing retail service in the other relevant LDC service territories. By Order entered November 3, 2005, the Commission granted BP Energy's Application and issued a Certificate of Public Convenience permitting BP Energy to become a licensed natural gas supplier in Columbia's service territory.

Consistent with its October 18, 2005, correspondence reserving the right to expand its service area, BP Energy now seeks to provide service to large commercial, industrial and governmental customers in UGI's service territory. BP Energy has satisfied the Commission's requirements to provide service in UGI's service territory by its prior public

69

August 22, 2007  
Page 2

notice and by satisfying all financial obligations to serve transportation customers on UGI's system.

Please contact the undersigned if you have any questions regarding this request. Please date stamp the extra copy of this transmittal letter and kindly return it to our messenger for our filing purposes.

Very truly yours,

McNEES WALLACE & NURICK LLC

Houston, TX 77079

RE: BP Energy Company - Natural Gas Supplier Application for UGI Utilities, Inc.

Dear Mrs. Denton:

This letter is to confirm that BP Energy Company has fulfilled the minimum requirements to serve non-choice transportation customers for UGI Utilities, Inc. BP Energy Company will be able to start supplying natural gas to non-choice transportation customers once the Pennsylvania Public Utility Commission approval has been received granting BP Energy Company as a licensed natural gas supplier in Pennsylvania. BP Energy Company would need to complete additional applications, surety, and testing requirements if supplier would enter the choice market on UGI Utilities, Inc.

Please feel free to contact me with any additional questions that you may have.

Sincerely,

Daniel V. Adamo  
Manager, Rates  
UGI Utilities, Inc.
