Re: Washington Gas Energy Service, Inc. Request to Reduce the Level of Bonding/Security from 10% to 5%

Dear Secretary Chiavetta:

Pursuant to 52 Pa. Code Sec 54.40, enclosed please find Washington Gas Energy Services, Inc.'s ("WGES") request to reduce the level of bonding/security from 10% to 5% of the most recent 12 months of revenue, and allow WGES to post a parent guaranty from WGL Holdings, Inc.

WGES understands that the Commission will treat the total amount of gross receipts, AEPS compliance data, Department of Revenue documents, and gross receipts taxes that the EGS has prepaid as proprietary information that will not be released to the public. WGES has marked the attached items as "**CONFIDENTIAL**" and requests that the Commission grant the entirety of WGES' requested items to reduce the level of security from 10% to 5% confidential and proprietary treatment. The data provided is commercially sensitive information that WGES does not make public in any of our corporate reporting.

Please feel free to contact me at 703.793.7560 or via Email at [pwoodyard@wges.com](mailto:pwoodyard@wges.com) if you have any questions or require additional information.

Sincerely,

Phillip G. Woodyard  
Vice President
