Re: PECO Energy Company Electric Long Term Infrastructure Improvement Plan
and Distribution System Improvement Charge

Dear Secretary Chiavetta,

On or around March 27, 2015, PECO Energy Company ("PECO" or "the Company") anticipates that it will file a Petition for Approval of (1) an Electric Long Term Infrastructure Improvement Plan ("LTIP") and (2) the establishment of a Distribution System Improvement Charge ("DSIC").

Pursuant to Section 1354 of the Public Utility Code, 66 Pa. C.S. § 1354, utilities must provide notice to customers of the submission of a petition for approval to establish a DSIC. To meet this requirement, PECO intends to include a bill insert in customers' April bills starting on April 2, 2015 and ending on April 30, 2015. Based on feedback from Commission Staff, PECO would like to provide in this notice a PUC docket number for those customers that may wish to challenge the filing. PECO must submit the text for the bill insert to its print vendor in mid-March, prior to the anticipated filing date of the Company's LTIP and DSIC petition. Therefore, PECO is submitting this letter to the Commission so that it may be docketed and a docket number can be assigned.

Thank you in advance. Please direct any questions or concerns you may have to me.

Sincerely,

A handwritten signature in black ink, appearing to read "R.G.W." followed by a long horizontal flourish.
