

INTRODUCTION

Ray Ray Cab Company d/b/a Peoples Cab hereby requests a rate increase and files its tariff for call or demand PA PUC number 2 to become effective April 26, 2015, canceling call or demand PA PUC number 1 which was effective January 5, 2007.

Peoples Cab requests the following increases:

1. Flag drop from \$2.50 for the first 1/7 mile to \$4.00 for the first 1/7 mile
2. Waiting time from \$.25 per minute to \$.55 per minute
3. Surcharge for Sundays and Holidays from \$1.00 per trip to \$2.00 per trip
4. Surcharge of \$2.00 for every trip from 5:00PM Friday to 5:00AM Saturday
5. Surcharge of \$2.00 for every trip from 5:00PM Saturday to Saturday midnight

If approved these increases would produce additional revenue for both Peoples Cab and its lease drivers to help offset continually increasing operating expenses. The increase would generate additional call or demand revenue of \$6,990. Peoples Cab plans to retain \$3,718 of that total via lease rate increases to its drivers to cover increased expenses and generate a profit in the neighborhood of 15%.

PEOPLES CAB'S PREVIOUS RATE INCREASE

Peoples Cab has not enjoyed a rate increase since 2007.

COST OF LIVING

Peoples Cab needs to increase the driver's compensation to allow them to keep pace with the cost of living. Between January 2007 and the present, the cost of living adjustments have amounted to almost 14%.

VEHICLE DEPRECIATION

Vehicle depreciation will increase due to the additional of a new vehicle in October 2014.

CASHIERING AND MANAGEMENT

Increases are estimated based on this year versus next year considering the competitive current market place we are in.

SALES AND MARKETING EXPENSES

Increases due to efforts necessitated the presence of Uber and Lyft based on Peoples Cab's best estimates of this year versus next year.

GENERAL AND ADMINISTRATIVE EXPENSES

Legal expense is estimated to increase due to the presence of Uber and Lyft and the PUC's new mileage regulations.

The requested rate increase, besides assisting the Company to cover rising costs and generating a reasonable profit, is required to help it's lease drivers offset their rising expenses.

As previously mentioned, the cost of living has risen almost 14% since the last rate increase. Their portion of this increase would amount to \$3,272.
