Gregory Kennedy

C-205-2471718

v.

PECO Energy Company

EXCEPTION REPLY

This Exception Reply is in response to the recent decision of commission to grant the respondents PO and dismiss the claimants Complaint. I am asking the commission to consider reading All of the attached file from the claimant before a proper and lawful decision is administered. The commission stated in its findings that the commission had not received an answer to the respondents PO which is materially incorrect. Please research the claimants file and therein you will find all relevant answers and exhibits attached therein. Upon discovery of such information, I request the commission to properly amend their findings to reflect all of the pertinent discovery documents timely filed by said claimant. Thank you.
