Re: Petition of Liberty Power Holdings, LLC to Revise Its Required Level of Financial Security, Docket No. A-110175

Dear Secretary Chiavetta:

On October 5, 2015 Liberty Power Holdings, LLC filed for a reduction in its required security to operate as a licensed electric generation supplier in Pennsylvania (License No A-110175). The filing fee of \$350.00 was inadvertently omitted from its filing and a check in that amount is enclosed.

Please do not hesitate to contact me if you have any questions.

Sincerely,

Sarah C. Stoner
