RE: Authority A- 6417544

Dear Secretary Chiavetta:

Despite all my efforts, I find I am unable to compete with other established shuttle services and the discounted prices of Uber. I have even taken a separate job just to try and make the insurance payments for my authority. It is with great disappointment, I have to come to the realization that I cannot make this work, and therefore have come to the realization I should try to sell my authority.

Therefore I am respectfully requesting the Commission grant me a suspension of my authority while I try to sell it. Thank you for your understanding.

Kind regards,

Samwel Morcos
President
