PENNSYLVANIA
PUBLIC UTILITY COMMISSION

IN THE MATTER OF THE APPLICATION OF: A-125051

Application of Interstate Gas Supply, Inc., for the right to begin to offer, render, furnish or supply natural gas supply services to the public, within the service territories of Columbia Gas of Pennsylvania, Inc., within the Commonwealth of Pennsylvania.

The Pennsylvania Public Utility Commission hereby certifies that after an investigation and/or hearing, it has, by its report and order made and entered, found and determined that the granting of the application is necessary or proper for the service, accommodation, convenience and safety of the public and hereby issues, evidencing the Commission's approval, to the applicant this:

LICENSE FOR NATURAL GAS SUPPLIER.

In Witness Whereof, The PENNSYLVANIA PUBLIC UTILITY COMMISSION has caused these presents to be signed and sealed, and duly attested by its Secretary at its office in the city of Harrisburg this 12th day of January, 2000.

James G. McMillan

Secretary

ORDER

On November 11, 1999, Interstate Gas Supply, Inc. filed a License Application to operate as a supplier of natural gas supply services in the Commonwealth of Pennsylvania. This application was filed pursuant to section 2208 of the Natural Gas Choice and Competition Act (Act) and the Commission's Order at M-00991249F0002, entered July 16, 1999.

§2208 provides in pertinent part that:

Requirements for Natural Gas Suppliers.--No entity shall engage in the business of a natural gas supplier unless it holds a license issued by the Commission. To the extent that a natural gas distribution company provides natural gas supply service outside of its chartered or certificated territory, it also must hold a license. A license shall not be required for customers who make de minimis incidental sales or resales to

themselves, an affiliate or to other nonresidential retail gas customers.

66 Pa. C.S. § 2208.

A natural gas supplier is defined as:

An entity other than a natural gas distribution company, but including natural gas distribution company marketing affiliates, which provides natural gas supply services to retail gas customers utilizing the jurisdictional facilities of a natural gas distribution company. The term includes a natural gas distribution company that provides natural gas supply services outside its certificated service territories. The term includes a municipal corporation, its affiliates or any joint venture, to the extent that it chooses to provide natural gas supply services to retail customers located outside of its corporate or municipal limits, as applicable, other than:

- (i) as provided prior to the effective date of this chapter, pursuant to a certificate of public convenience if required under this title;
- (ii) total natural gas supply services in de minimis amounts;
- (iii) natural gas supply services requested by, or provided with the consent of, the public utility in whose certificated territory the services are provided; or
- (iv) natural gas supply services provided to the municipal corporation itself or its tenants on land it owns or leases, or is subject to an agreement of sale or pending condemnation, as of September 1, 1999, to the extent permitted by applicable law independent of this chapter.

The term excludes an entity to the extent that it provides free gas to end-users under the terms of an oil or gas lease. Notwithstanding any other provision of this title, a natural gas supplier that is not a natural gas distribution company is not a public utility as defined in section 102 (relating to definitions) to the extent that the natural gas supplier is utilizing the jurisdictional distribution facilities of a natural gas distribution company or is providing other services authorized by the Commission.

66 Pa. C.S. § 2202.

As used in the above definition of a natural gas supplier, the term natural gas supply services includes (i) the sale or arrangement of the sale of natural gas to retail customers; and (ii) services that may be unbundled by the Commission under section 2203(3) of the Act (relating to standards for restructuring of the natural gas utility industry). Natural gas supply service does not include distribution service. 66 Pa. C.S. § 2202.

It is important to note that a licensee must comply with, and be governed by, our Chapter 56 regulations. Thus, we deem it appropriate to reiterate certain items with respect to Chapter 56 of our regulations. Chapter 56 (52 Pa Code Chapter 56) is applicable to residential and small commercial accounts. A natural gas supplier cannot physically disconnect a customer from the distribution system, and thus, the service termination provisions of Chapter 56 are not applicable to natural gas suppliers. A natural gas supplier may seek to terminate its natural gas services through an appropriate written notice to the customer and the local distribution company. The customer can then attempt to repair its relationship with the natural gas supplier, seek a new natural gas supplier, or default to the natural gas distribution company's service tariffed rates in accordance with the local distribution company's obligations under Section 2207(a), 66 Pa. C.S. §2207(a). The customer would only be disconnected from the distribution system pursuant to Chapter 56 if the customer failed to meet its obligations to the natural gas distribution company or the natural gas supplier which has been designated by the Commission as the supplier of last resort.

Additionally, we take this opportunity to once again remind the licensee that its officers, representatives and employees have agreed to abide by all Commission regulations, procedures and orders, including Emergency Orders which

may be issued verbally, or in writing during any emergency situations that may develop from time-to-time in the course of doing business in Pennsylvania.

Interstate Gas Supply, Inc. has stated that upon the approval of this Application, it proposes to provide natural gas supply services to all customers of Columbia Gas of Pennsylvania, Inc. at R-00994781.

Interstate Gas Supply, Inc. has provided an affidavit regarding proofs of publication in the Pennsylvania newspapers as required by the Commission to provide service in the following local distribution company's service territories: Columbia Gas of Pennsylvania, Inc. at R-00994781.

Regarding the financial and technical fitness requirements of the license application, Interstate Gas Supply, Inc. has submitted its audited financial statements.

Section 2208 (c) (1), 66 Pa. C.S. section 2208(c)(1), provides that a natural gas supplier license shall not be issued unless the applicant furnishes a bond or other security in a form and amount to ensure its financial responsibility. The criteria used to establish the form and amount of the bond or other security shall be set forth in the natural gas distribution company's restructuring filing. The amount and form of the bond or other security may also be mutually agreed to between the natural gas distribution company and the natural gas supplier. Section 2208 also provides that should the parties fail to achieve an agreement, then the form and the amount of bond or other financial security "shall be determined by criteria approved by the Commission." However, the restructuring proceedings will not be completed until after the November 1, 1999 start date for natural gas

competition. While the bonding requirement cannot be waived, the Commission believes that it is in the public interest to defer this requirement until such time as Commission criteria on bonding is established so as not to delay or diminish customer choice in natural gas supply.

Accordingly, the Commission will issue a license to the Interstate Gas Supply, Inc. and direct that within 30 days of the completion of the restructuring proceedings encompassing the following natural gas distribution company service territories within which Interstate Gas Supply, Inc. has applied to provide natural gas supply services: Columbia Gas of Pennsylvania, Inc. at R-00994781, that Interstate Gas Supply, Inc. shall submit documentation to the Commission to evidence its compliance with the Section 2208(c) bonding requirement for each of the above mentioned natural gas distribution companies. Upon receipt of such documentation, a Secretarial letter will be issued advising that Interstate Gas Supply, Inc. is in compliance with the bonding requirement pursuant to the Act.

Interstate Gas Supply, Inc. has provided the required Pennsylvania Emergency Management Agency ("PEMA") contact information.

As of December 31, 1999, no protests have been filed.

We find that the applicant:

1. Is fit, willing and able to properly perform the service proposed in conformance with applicable provisions of the Public Utility Code and the Commission orders and regulations, specifically including 52 Pa.

Code Chapter 56 (relating to Standards and Billing Practices for Residential and Small Commercial Utility Service).

2. Has agreed to abide by all Commission regulations, procedures and orders, including Emergency Orders which may be issued verbally, or in writing during any emergency situations that may develop from time-to-time in the course of doing business in Pennsylvania.
3. Has proposed to offer natural gas supply services which, to the extent authorized by the license, will be consistent with the public interest and the policy declared in the Natural Gas Choice and Competition Act.

Upon full consideration of all matters of record, we find that approval of this application is necessary and proper for the service, accommodation and convenience of the public; **THEREFORE,**

IT IS ORDERED:

1. That the application of Interstate Gas Supply, Inc. is hereby approved, consistent with this Order.
2. That a license be issued authorizing, Interstate Gas Supply, Inc. the right to begin to offer, render, furnish or supply natural gas supply services to the public within the following local distribution company service territories within

Commonwealth of Pennsylvania: Columbia Gas of Pennsylvania, Inc. at R-00994781.

3. That this license is granted contingent upon Interstate Gas Supply, Inc. providing evidence to the Commission within 30 days of the completion of the restructuring proceedings encompassing the following natural gas distribution company territories in which Interstate Gas Supply, Inc. has applied to provide natural gas supply services: Columbia Gas of Pennsylvania, Inc. at R-00994781, documenting its compliance with the bonding requirement at 66 Pa. C.S. § 2208(c) for each of the above mentioned natural gas distribution companies.

BY THE COMMISSION,

James J. McNulty
Secretary

(SEAL)
