This email is in reference to an Application of Laurel Pipe Line Company, L.P. for All Necessary Authority, Approvals, and Certificates of Public Convenience To Change the Direction of Petroleum Products Transportation Service to Delivery Points West of Eldorado, Pennsylvania "Docket No. A-2016-2575829"

Dear Ms. Chiavetta,

I appreciate you taking time from your busy schedule to read this email/letter. My name is Leonard Zvorsky and I am the Executive Director of the South Central Pennsylvania Energy Association. Our association represents 27 liquid fuels retail suppliers in Adams, York, Dauphin, Lancaster, Cumberland, Lebanon and Perry Counties. On behalf of our association, I am contacting you as a strong supporter for approval of the subject application. We are sure that the PA Public Utility Commission's approval would ensure a more reliable supply of petroleum products to our customers. Price advantaged Midwestern refined products will make heating fuels and motor fuels more affordable for all Pennsylvania residential and commercial consumers.

I would urge the PUC to approve this pipeline reversal as a way to enhance fair and competitive pricing as well as reliable supply to the consumers of South Central Pennsylvania.

Thank you for your time in considering this matter. If the PUC would like to engage in further discussion, please feel free to contact me.
