# CSO ALERT SYSTEMS

**From:** John Sisk [mailto:jsisk@americancellularinc.net]  
**Sent:** Tuesday, January 05, 2016 12:37 PM  
**To:** Robert Zischkau  
**Cc:** John Sisk  
**Subject:** RE: CSO Alert Systems Inc.

Mr. Zischkau,

Per our conversation, CSO Alert Systems Inc. has ceased operation due to the below mentioned. In the month of December the software was corrupted and the systems crashed. In discussing the matter in detail, the bottom line was the system would need re-built with IT programmers and we would not be guaranteed the information would be able to be re-cooped. I will try to forward any 2015 information that might of been accumulated. At the present, the municipalities will only have available what they pulled up in quarterly reports or thru November 2015. I will continue to see what I can do for you.

John Sisk

---

**From:** John Sisk

**Subject:** CSO Alert Systems Inc.

September 30, 2015

Mr. Zischkau,

Effective December 1, 2015 (60 days), CSO Alert Systems Inc. will cease operation.

Airtime will remain on units till December 31, 2015. This decision was reached due to our manufacturing vendor and support team filing bankruptcy. We maintained our own technical support, however with the inability to replace certain technical components (proprietary) we no longer can maintain a system to support the municipalities requirements.

The recent passing of the primary principal, Mr. Fred Baxter has also caused certain challenges. Fred was a primary developer of the CSO Alert system.

We wanted to take this time to thank you personally and all the municipalities that were supportive to CSO Alert Systems Inc.

Thank you for your years of dedication and commitment.

Very Truly Yours,

John Sisk

CSO Alert Systems Inc.
