PENNSYLVANIA PUBLIC UTILITY COMMISSION

Application of Transource Pennsylvania, LLC

Filed Pursuant to 52 Pa. Code Chapter 57, Supchapter G

For Approval of the Siting and Construction of the 230 kV Transmission Line

Associated with the Independence Energy Connection-West Project in Portions of Franklin County

Docket No. A-2017-2640200

PROTEST

Pursuant to 52 Pa. Code Sections 5.51, *et seq.* and 66 Pa. C. S. Sections 1101, *et. seq.*, [Name of
Protestant, or party filing the Protest] files this Protest to the Independence Energy Connection-West.

In support of this Protest, [Name of Protestant] avers as follows:

1. The name and contact information of the Protestant is as follows:

Allan Stine

867 Cider Press Rd.

Chambersburg, PA 17202

2. I have interest in the proceeding as a utility ratepayer, and a landowner.

3. I am concerned with how the Company's proposal will impact utility rates
property values.

4. This project devalues my property. This project has no direct impact to residents in this area.
Tourism will be negatively impacted by this project. This will hurt the farm land coming across our
county. We do not want this project anywhere near our children. Our roads will be destroyed and tax
payers will have to pay to have them fixed. There has not been any positive cost benefits proven. It is
not right that properties can be taken through eminent domain. I am concerned our water table will be

affected. I know people who have worked under these transmission lines, and they have felt the effects of them the rest of the day. Over a period of time, that has to have negative impacts. Nobody needs this project here. I also do not think archeological sites should be tampered with.

WHEREFORE, Allan Stine respectfully requests the Pennsylvania Public Utility Commission not to approve the Transource Utility Project and to investigate, do site visits and hold full hearings in Franklin County regarding the filing.

Respectfully submitted,

A handwritten signature in cursive script that reads "Allan Stine".
