Re: Petition of the Bureau of Investigation and Enforcement of the Pennsylvania Public Utility Commission for the Issuance of an Ex Parte Emergency Order; Docket No. P-2018-3000281

Secretary Chiavetta:

I am writing to you on a matter of significant importance. As a fuel oil supplier, we are impacted by supply from Mariner East 1. Mariner East 1 is an important supply point for propane for southeast Pennsylvania and the greater Philadelphia market that stretches into Delaware, New Jersey, and even Maryland.

We ask that you consider the significant amount of geological and engineering data provided by the various consultants related to the integrity of Mariner East 1 and permit the restart of the line as soon as it is safe and feasible.

Sincerely,

Thomas E Ferro, President
