RE: R-2018-3003558
R-2018-3003561

Exceptions of Robert Curtius Protestant

1. Page 66: My wastewater is treated and disposed of by the Philadelphia Water Co.; not Aqua. This company's rates are approved by the Pa, Public Utility Commission. Aqua seeks to include my wastewater in their billing. This would be double billing for the same service. This can not be justified, is not reasonable and, is not legal. I offered a reasonable alternative: that is, to divide the Main Division which is approximately 1/3 of Aqua customers into two divisions. One that uses Aqua for water only and one that uses Aqua for water and wastewater. It is not in the public interest to allow Aqua to bill for service that is provided by another regulated company. I note that within 10 miles of my house is the Media wastewater facility owned by Aqua. Competition for service keeps rates down. Allowing Aqua to use wastewater revenue requirements that are provided by another regulated system is not in the public interest and not the policy of the Commission. See the PUC website for how the Commission treats customers using municipal wastewater rates and service to customers beyond the municipal boundaries. I am a 75 year-old on a limited income. I find this double billing to be appalling.
2. Page 68: My complaint filed Oct. 22, 2018 was within the time allotted by the Commission. Therefore, the pre-hearing conference held on Sept. 28, 2018 was held prior to the end date for complaints. This action does not permit consumers to participate in the conference. I participated in a previous Aqua rate case and found this conference a necessity. While I feel somewhat cheated, this needs to be corrected in future cases.

Sincerely submitted,

Robert Curtius
