License Application of Unitil Resources, Inc., d/b/a Usource  
For Approval to Offer, Render, Furnish or Supply Electric Generation Services  
As a Broker/Marketer of Electricity and Related Services

To Whom It May Concern:

This is to advise you that the Commission in Public Meeting on April 13, 2000 has adopted an Order in the above-entitled proceeding.

An Order has been enclosed for your records.

Very truly yours,

James J. McNulty  
Secretary

Enclosure  
Certified Mail  
FG

PENNSYLVANIA  
PUBLIC UTILITY COMMISSION

IN THE MATTER OF THE APPLICATION OF: A-110131

Application of Unifil Resources, Inc., d/b/a Usource for approval to begin to offer, render, furnish or supply electric generation services to the public, within the Commonwealth of Pennsylvania.

The Pennsylvania Public Utility Commission hereby certifies that after an investigation and/or hearing, it has, by its report and order made and entered, found and determined that the granting of the application is necessary or proper for the service, accommodation, convenience and safety of the public and hereby issues, evidencing the Commission's approval, to the applicant this:

LICENSE FOR ELECTRIC GENERATION SUPPLIER.

In Witness Whereof, The PENNSYLVANIA PUBLIC UTILITY COMMISSION has caused these presents to be signed and sealed, and duly attested by its Secretary at its office in the city of Harrisburg this 13<sup>th</sup> day of April 2000.

Supply Electric Generation Services as a  
Broker/Marketer of Electricity and Related Services

Docket Number:  
A-110131

DOCUMENT

ORDER

FOLDER

BY THE COMMISSION:

On March 16, 2000, Unitil Resources, Inc. d/b/a Usource ("Usource") filed a License Application to operate as a broker/marketer of electric generation and related services. The application was filed pursuant to the Commission's regulations at 52 Pa. Code §54.31 -- 54.43, which became effective on August 8, 1998 and which were established under Section 2809 of the Public Utility Code, 66 Pa. C.S. §2809.

§2809 provides in pertinent part that:

License Requirement--No person or corporation, including municipal corporations which choose to provide service outside their municipal limits except to the extent provided prior to the effective date of this chapter, brokers and marketers, aggregators and

**DOCKETED**

APR 14 2000

other entities, shall engage in the business of an electric generation supplier in this Commonwealth unless the person or corporation holds a license issued by the Commonwealth. 66 Pa. C.S. §2809.

An electric generation supplier is defined as:

A person or corporation, including municipal corporations which choose to provide service outside their municipal limits except to the extent provided prior to the effective date of this chapter, brokers and marketers, aggregators or any other entities, that sells to end-use customers utilizing the jurisdictional transmission and distribution facilities of an electric distribution company, or that purchases, brokers, arranges or markets electricity or related services to end-use customers utilizing the jurisdictional transmission and distribution facilities of an electric distribution company. 66 Pa. C.S. §2803.

It is important to note that a licensee must comply with, and be governed by, our Chapter 56 regulations. Thus, we deem it appropriate to reiterate certain items with respect to Chapter 56 of our regulations. Chapter 56 (52 Pa Code Chapter 56) is applicable only to residential accounts. An electric generation supplier cannot physically disconnect a customer from the electricity grid, and the service termination provisions are not applicable. An electric generation supplier may seek to terminate its generation service through an appropriate written notice to the customer and the distribution company. The customer can then attempt to repair its relationship with the supplier, seek a new supplier, or default to utility service at capped rates in accordance with the local electric distribution utility's obligations under Section 2807(e). 66 Pa. C.S. §2807(e). The customer would only be

disconnected from the electricity grid pursuant to Chapter 56 if the customer failed to meet its obligations to the utility or the provider of last resort.

Additionally, we take this opportunity to once again remind the licensee that its officers, representatives and employees have agreed to lawfully abide by all Commission regulations, procedures and orders, including Emergency Orders which may be issued verbally, or in writing during any emergency situations that may unexpectedly develop from time-to-time in the course of doing business in Pennsylvania.

Usource has stated that upon the approval of this Application, it proposes to provide electricity broker/marketer services to large commercial, industrial and governmental customers in all counties within the Commonwealth of Pennsylvania. As a broker/marketer of supply, Usource plans to use its internet platform to match willing buyers with willing sellers of energy products.

Usource has provided proofs of publication from the Pennsylvania newspapers in which it was required by the Commission to publish its notice of application.

Regarding the financial and technical fitness requirements of the license application, Usource has submitted its annual report and financial statements. In support of its technical fitness requirements, Usource filed with the Federal Energy Regulatory Commission to be a Power Marketer and received approval at Docket No. ER97-2460-000. Usource has demonstrated its technical and financial fitness in order to be licensed to provide electricity generation services in Pennsylvania.

Usource has furnished a \$250,000 bond in support of its license application.

As of April 4, 2000, no protests have been filed.

We find that the applicant:

1. Is fit, willing and able to properly perform the service proposed in conformance with applicable provisions of the Public Utility Code and the lawful Commission orders and regulations, specifically including 52 Pa. Code Chapter 56 (relating to Standards and Billing Practices for Residential Utility Service).
2. Has agreed to lawfully abide by all Commission regulations, procedures and orders, including Emergency Orders which may be issued verbally, or in writing during any emergency situations that may unexpectedly develop from time-to-time in the course of doing business in Pennsylvania.
3. That the proposed service to the extent authorized by the license, will be consistent with the public interest and the policy declared in the Electricity Generation Customer Choice and Competition Act.

Upon full consideration of all matters of record, we find that approval of this application is necessary and proper for the service, accommodation and convenience of the public; **THEREFORE,**

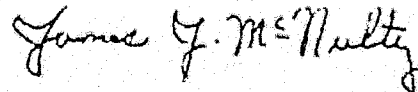

**IT IS ORDERED:**

1. That the application of Unitil Resources, Inc. d/b/a Usource is hereby approved, consistent with this Order.

2. That a license be issued authorizing, Unitil Resources, Inc. d/b/a Usource, the right to begin to offer, render, furnish or supply electric and electric related services to the public within the Commonwealth of Pennsylvania.

3. That this proceeding at Docket No. A-110131 be closed.

BY THE COMMISSION

James J. McNulty  
Secretary

Re: Sales and Use Tax  
Miscellaneous  
Taxpayer: Usource

**DOCKETED**  
APR 14 2000

SECRETARY'S BUREAU  
00 APR 13 PM 1:30

Dear Mr. Gallagher:

Thank you for your letter of March 28, 2000.

Your letter indicates that you represent Unutil Resources, Inc., d/b/a Usource ("Usource"), a New Hampshire corporation authorized to do business within the State of Pennsylvania. You indicate further that Usource has made application for a license from the Pennsylvania Public Utility Commission ("PUC") to do business as a electricity broker in Pennsylvania.

As a broker, Usource will represent various out-of-state sellers of electricity and natural gas. Through the use of its internet "platform," Pennsylvania purchasers and those nonresident sellers represented by Usource, may enter into agreements for the purchase of electricity or natural gas. Usource does not take title to the natural gas or electricity. Usource simply provides the "platform" through which sellers and purchasers may enter into agreements. Usource receives a commission from the energy suppliers for each agreement.

You indicate that the license application required be filed by Usource with the PUC requires the applicant provide its sales tax license number. You seek our opinion as to whether or not Usource is required to hold a Pennsylvania sales tax license under the facts set forth above.

John J. Gallagher, Esq.  
April 12, 2000  
Page Two

The provisions of Section 208 of the Tax Reform Code (72 P.S. §7208) provide that every person maintain a place of business in the Commonwealth selling or leasing services or tangible personal property, the sale of which is subject to tax, is required to make application to the Department for a sales and use tax license. If the person, does not maintain a place of business or does not sell or lease taxable tangible personal property or taxable services, a person is not required to hold a Pennsylvania sales tax license.

Notwithstanding the fact that the application required to be submitted by Usource to the PUC requires the insertion of a Pennsylvania sales and use tax license number, based upon the facts that you have provided to us, Usource is not required to hold a Pennsylvania sales and use tax license number.

The nonresident sellers which your company represents that make taxable sales of electricity and natural gas within the State of Pennsylvania are required to hold a Pennsylvania sales and use tax license number. These companies are also required to collect and remit to the Pennsylvania Department of Revenue the applicable sales or use tax due and owing on the taxable sales of electricity and natural gas they make to Pennsylvania residents. We acknowledge receipt of the Affidavit executed by Lawrence M. Brock, Controller of Unitel Resources, attesting that all of the sellers represented by Usource are licensed with the Pennsylvania Department of Revenue for the collection of sales and use tax.

I trust I have answered your inquiry. Should you have any further questions, please feel free to contact me by telephone or at my electronic mail address listed above.

Sincerely

John W. Loomis  
Deputy Chief Counsel

**NOTE to the Consumer:** Electricity is the product of a mix of generation energy sources that is delivered over a system of wires. This report reflects the estimated percent of total sales based on the primary fuel source used in the generation of electricity for customer end-use in the Commonwealth of Pennsylvania. Some generators may use a combination of fuel sources, such as oil and coal or oil and natural gas, which may be combined or used alternatively. In this instance, only the primary fuel source is reported. Data may also include negative sales for pumped storage hydroelectric operations, which could require the use of any fuel source except hydropower. If any supply source includes Distributed Generation or Combined Heat and Power, the applicable categories will be marked "DG" and/or "CHP." If net metering is deployed, an asterisk (\*) appears within the applicable categories. Upon request by the consumer, electricity providers are required to provide information on generation energy sources, energy efficiency, environmental impacts or personal historical billing data.

**NOTE to the Entity filing this report:** Please review above "Note to the Consumer" for important information needed to adequately complete this form. Verification of the anticipated generation energy source, of the identifiable resources (if and when they have been "claimed") and the fact that energy characteristics were not sold more than once, shall be conducted by an independent auditor at the end of each calendar year and contained in this annual report to the Commission. If generation energy sources are not identifiable, the provider shall disclose this fact.

HAMPTON NH 03842-1720

DOCKETED  
JAN 28 2003

ATTENTION: RAYMOND MORRISSEY

RE: License Bond or Other Financial Security

Dear Mr. Morrissey:

DOCUMENT FOLDER

Pursuant to 66 Pa. C.S. §2809(c), no electric supplier license shall remain in force unless the licensee furnishes a bond or other security approved by the Commission to ensure the financial responsibility of the electric generation supplier and the supply of electricity at retail. The Commission's records indicate that the bond or other approved security provided by Unitil Resources Inc expires on 3/9/2003.

The Commission's regulations at 52 Pa. Code §54.40(d) require "the security level for each licensee will be reviewed annually and modified primarily based upon the licensee's reported annual gross receipts information. The security level will be 10% of the licensee's reported gross receipts." The minimum security level provided may not be less than the initial security level provided when the license was granted. Unless approved by the Commission, the initial security level is \$250,000.

The Commission's regulations at 52 Pa. Code §54.39(b) require a licensee to file an annual report on or before April 30 of each year, for the previous calendar year, in order to comply with 66 Pa. C.S. §2810(c)(6). This report discloses the total amount of gross receipts from the sale of electricity and the total amount of electricity sold during the preceding calendar year. You must use this same information in calculating the appropriate security level necessary to maintain your license.

In order for your company to maintain its status as a licensed electric supplier in the Commonwealth of Pennsylvania, it must provide proof to the Commission that a bond or other approved security has been obtained.

Your response in this matter is requested within fifteen (15) days of the date of this letter. Submit your response to the Commission's Secretary. Additionally, fax a copy of your response to James Shurskis at (717) 787-4750, Bureau of Fixed Utility Services.

Failure to respond to this matter within fifteen (15) days will cause Commission staff to initiate a formal proceeding, that may lead to the following: cancellation of your company's electric supplier license, removal of your information from the Commission's website and notification to all electric distribution companies, in which your company is licensed to do business, of the cancellation of the license.

Please direct any questions to James Shurskis at (717) 787-8763 or Darren Gill at (717) 783-5244, Bureau of Fixed Utility Services.

Sincerely,

Robert A. Rosenthal  
Director, Bureau of Fixed Utility Services

RE: Docket No. A-110131

Dear J. McNulty:

In response to Robert Rosenthal's letter dated January 6, 2003, please be advised that we are currently in the process of renewing our bond.

Once it has been received, you will receive a copy of the bond, as well as, an updated annual report for you records.

Should you have questions, please don't hesitate to call me at (603)773-6432.

Sincerely,

Shannon D. Trasatti

Docket No. A-110131

January 10, 2005

UNITIL RESOURCES INC  
6 LIBERTY LANE WEST  
HAMPTON NH 03842-1720

ATTENTION: RAYMOND MORRISSEY

RE: License Bond or Other Financial Security

Dear Mr. Morrissey:

Pursuant to 66 Pa. C.S. §2809(c), no electric supplier license shall remain in force unless the licensee furnishes a bond or other security approved by the Commission to ensure the financial responsibility of the electric generation supplier and the supply of electricity at retail. The Commission's records indicate that the bond or other approved security provided by Unitil Resources Inc expires on March 9, 2005.

The Commission's regulations at 52 Pa. Code §54.40(d) require "the security level for each licensee will be reviewed annually and modified primarily based upon the licensee's reported annual gross receipts information. The security level will be 10% of the licensee's reported gross receipts." The minimum security level provided may not be less than the initial security level provided when the license was granted. Unless approved by the Commission, the initial security level is \$250,000.

The Commission's regulations at 52 Pa. Code §54.39(b) require a licensee to file an annual report on or before April 30 of each year, for the previous calendar year, in order to comply with 66 Pa. C.S. §2810(c)(6). This report discloses the total amount of gross receipts from the sale of electricity and the total amount of electricity sold during the preceding calendar year. You must use this same information in calculating the appropriate security level necessary to maintain your license.

In order for your company to maintain its status as a licensed electric supplier in the Commonwealth of Pennsylvania, it must provide proof to the Commission that a bond or other approved security has been obtained.

Your response in this matter is requested within fifteen (15) days of the date of this letter. Submit your response to the Commission's Secretary. Additionally, fax a copy of your response to James Shurskis at (717) 787-4750, Bureau of Fixed Utility Services.

DOCUMENT  
FOLDER

Failure to respond to this matter within fifteen (15) days will cause Commission staff to initiate a formal proceeding, that may lead to the following: cancellation of your company's electric supplier license, removal of your information from the Commission's website and notification to all electric distribution companies, in which your company is licensed to do business, of the cancellation of the license.

Please direct any questions to James Shurskis at (717) 787-8763 or Darren Gill at (717) 783-5244, Bureau of Fixed Utility Services.

Sincerely,

Robert A. Rosenthal  
Director, Bureau of Fixed Utility Services

## IMPORTANT NOTICE TO OBLIGEES/POLICYHOLDERS – TERRORISM RISK INSURANCE ACT OF 2002

You are hereby notified that, under the Terrorism Risk Insurance Act of 2002, effective November 26, 2002, we must make terrorism coverage available in your bond/policy. However, the actual coverage provided by your bond/policy for acts of terrorism, as is true for all coverages, is limited by the terms, conditions, exclusions, limits, other provisions of your bond/policy, any endorsements to the bond/policy and generally applicable rules of law.

Any terrorism coverage provided by this bond/policy is partially reinsured by the United States of America under a formula established by Federal Law. Under this formula, the United States will pay 90% of covered terrorism losses exceeding a statutorily -established deductible paid by sureties/insurers until such time as insured losses under the program reach \$100 billion. If that occurs, Congress will determine the procedures for, and the source of, any payments for losses in excess of \$100 billion.

The premium charge that has been established for terrorism coverage under this bond/policy is either shown on this form or elsewhere in the bond/policy. If there is no premium shown for terrorism on this form or elsewhere in the bond/policy, there is no premium for the coverage.

Terrorism premium:	\$0

ATTENTION: RAYMOND MORRISSEY

RE: License Bond or Other Financial Security

Dear Mr. Morrissey:

Pursuant to 66 Pa. C.S. §2809(c), no electric supplier license shall remain in force unless the licensee furnishes a bond or other security approved by the Commission to ensure the financial responsibility of the electric generation supplier and the supply of electricity at retail. The Commission's records indicate that the bond or other approved security provided by Unitil Resources Inc expires on March 9, 2006.

The Commission's regulations at 52 Pa. Code §54.40(d) require "the security level for each licensee will be reviewed annually and modified primarily based upon the licensee's reported annual gross receipts information. The security level will be 10% of the licensee's reported gross receipts." The minimum security level provided may not be less than the initial security level provided when the license was granted. Unless approved by the Commission, the initial security level is \$250,000.

The Commission's regulations at 52 Pa. Code §54.39(b) require a licensee to file an annual report on or before April 30 of each year, for the previous calendar year, in order to comply with 66 Pa. C.S. §2810(c)(6). This report discloses the total amount of gross receipts from the sale of electricity and the total amount of electricity sold during the preceding calendar year. You must use this same information in calculating the appropriate security level necessary to maintain your license.

In order for your company to maintain its status as a licensed electric supplier in the Commonwealth of Pennsylvania, it must provide proof to the Commission that a bond or other approved security has been obtained.

Your response in this matter is requested within fifteen (15) days of the date of this letter. Submit your response to the Commission's Secretary. Additionally, fax a copy of your response to James Shurskis at (717) 787-4750, Bureau of Fixed Utility Services.

Failure to respond to this matter within fifteen (15) days will cause Commission staff to initiate a formal proceeding, that may lead to the following: cancellation of your company's electric supplier license, removal of your information from the Commission's website and notification to all electric distribution companies, in which your company is licensed to do business, of the cancellation of the license.

Please direct any questions to James Shurskis at (717) 787-8763 or Darren Gill at (717) 783-5244, Bureau of Fixed Utility Services.

Sincerely,

Robert A. Rosenthal  
Director, Bureau of Fixed Utility Services

## IMPORTANT NOTICE TO OBLIGEEES/POLICYHOLDERS – TERRORISM RISK INSURANCE ACT OF 2002

You are hereby notified that, under the Terrorism Risk Insurance Act of 2002, effective November 26, 2002, we must make terrorism coverage available in your bond/policy. However, the actual coverage provided by your bond/policy for acts of terrorism, as is true for all coverages, is limited by the terms, conditions, exclusions, limits, other provisions of your bond/policy, any endorsements to the bond/policy and generally applicable rules of law.

Any terrorism coverage provided by this bond/policy is partially reinsured by the United States of America under a formula established by Federal Law. Under this formula, the United States will pay 90% of covered terrorism losses exceeding a statutorily -established deductible paid by sureties/insurers until such time as insured losses under the program reach \$100 billion. If that occurs, Congress will determine the procedures for, and the source of, any payments for losses in excess of \$100 billion.

The premium charge that has been established for terrorism coverage under this bond/policy is either shown on this form or elsewhere in the bond/policy. If there is no premium shown for terrorism on this form or elsewhere in the bond/policy, there is no premium for the coverage.

<b>Terrorism premium:</b>	\$0

ATTENTION: FREDERICK J STEWART

RE: License Bond or Other Financial Security

**DOCKETED**  
JAN 17 2007

Dear Mr. Stewart:

Pursuant to 66 Pa. C.S. §2809(c), no electric supplier license shall remain in force unless the licensee furnishes a bond or other security approved by the Commission to ensure the financial responsibility of the electric generation supplier and the supply of electricity at retail. The Commission's records indicate that the bond or other approved security provided by Unitil Resources Inc expires on March 9, 2007.

The Commission's regulations at 52 Pa. Code §54.40(d) require "the security level for each licensee will be reviewed annually and modified primarily based upon the licensee's reported annual gross receipts information. The security level will be 10% of the licensee's reported gross receipts." The minimum security level provided may not be less than the initial security level provided when the license was granted. Unless approved by the Commission, the initial security level is \$250,000.

The Commission's regulations at 52 Pa. Code §54.39(b) require a licensee to file an annual report on or before April 30 of each year, for the previous calendar year, in order to comply with 66 Pa. C.S. §2810(c)(6). This report discloses the total amount of gross receipts from the sale of electricity and the total amount of electricity sold during the preceding calendar year. You must use this same information in calculating the appropriate security level necessary to maintain your license.

In order for your company to maintain its status as a licensed electric supplier in the Commonwealth of Pennsylvania, it must provide proof to the Commission that a bond or other approved security has been obtained.

Your response in this matter is requested within fifteen (15) days of the date of this letter. Submit your response to the Commission's Secretary. Additionally, fax a copy of your response to James Shurskis at (717) 787-4750, Bureau of Fixed Utility Services.

Failure to respond to this matter within fifteen (15) days will cause Commission staff to initiate a formal proceeding, that may lead to the following: cancellation of your company's electric supplier license, removal of your information from the Commission's website and notification to all electric distribution companies, in which your company is licensed to do business, of the cancellation of the license.

Please direct any questions to James Shurskis at (717) 787-8763, Bureau of Fixed Utility Services.

Sincerely,

*R Wilson for RR*
