Pennsylvania Public Utility Commission  
Attn: Secretary Rosemary Chiavetta  
400 North Street  
Harrisburg, PA 17120

**RE:** Docket No. L-2019-3010267: Proposed Rulemaking Regarding Hazardous Liquid Public Utility Safety Standards at 52 Pa. Code Chapter 59

Dear Secretary Chiavetta:

I am writing today to submit the docket signatures of **1,624** of our members who urge the Public Utility Commission to make its current pipeline safety regulations as strong as possible.

In the case of Sunoco's Mariner East project, there have been over 100 incidents, including spills, leaks, sinkholes, and private well contamination, that have jeopardized the safety of our communities and children. These pipelines pump highly volatile natural gas liquids through densely populated areas like the Philadelphia suburbs, and a leak or explosion could put thousands of people's lives at risk. There is currently no feasible evacuation plan for residents who live, or send their kids to school, within the pipeline's "blast zone." And there are no adequate plans for evacuation given the population density in the counties where the pipeline cuts through.

Please strengthen your current pipeline safety regulations to include a credible emergency plan, and apply these regulations to new and existing pipelines like Mariner East.

Thank you for your consideration.

Katie Blume  
Political Director  
Conservation Voters of PA
