**ANSWER OF THE OFFICE OF SMALL BUSINESS ADVOCATE  
TO PETITION OF THE PITTSBURGH WATER AND SEWER AUTHORITY  
TO CONSOLIDATE DSIC PETITION WITH BASE RATE CASE FILINGS FOR BOTH  
WATER AND WASTEWATER CONVEYANCE**

Pursuant to 52 Pa. Code §5.61(e), the Office of Small Business Advocate (“OSBA”) hereby answers the Petition of the Pittsburgh Water and Sewer Authority (“PWSA” or “the Company”) to Consolidate DSIC Petition With Base Rate Case Filings for Both Water and Wastewater Conveyance (“Petition”) filed with the Pennsylvania Public Utility Commission (“Commission”) on March 6, 2020, and avers the following in support thereof:

The OSBA is an agency of the Commonwealth of Pennsylvania authorized by the Small Business Advocate Act (Act 181 of 1988, 73 P.S. §§ 399.41 - 399.50) to represent the interest of small business consumers as a party in proceedings before the Commission.

In the Petition, the Company seeks Commission approval to consolidate its previously filed Petition to waive the DSIC CAP filed at Docket No. P-2020-3019019 with the base rate filings for Water and Wastewater at R-2020-3017951 (Water) and R-2020-3017970 (Wastewater). It should be noted that PWSA has also filed petitions to consolidate the water and wastewater filings. In answer to the paragraphs of PWSA’s Petition, the OSBA avers as follows:

The first unnumbered paragraph of PWSA's Petition constitutes a prayer for relief and as such, no response is necessary.

**I. BACKGROUND**

1. Admitted in part. The averments in the first sentence of this paragraph are admitted. The averments of the second sentence of this paragraph constitute a prayer for relief, to which no response is necessary.
2. The averments of this paragraph constitute a prayer for relief, to which no response is necessary.
3. Admitted.

**II. Request for Consolidation of Proceedings**

4. The averments of this paragraph constitute a prayer for relief, to which no response is necessary.
5. Section 5.81(a) of the Commission's regulations, being a writing, speaks for itself, and therefore no response is necessary.
6. The averments of this paragraph paraphrase eight issues to be considered when evaluating a petition for consolidation, as set forth in a second prehearing order entered November 26, 2012 in *Pub. Util. Comm'n v. City of Lancaster Sewer Fund*, Docket No. R-2012-2310366. While the second prehearing order in that proceeding does address the issues to be considered in a consolidation, the language comes from an analysis of other caselaw, as fully quoted from the second prehearing order:

In considering the consolidation of cases, the first criteria (set forth in the Commission's regulations) is that the proceedings must involve "a

common question of law or fact". An examination of Commission precedent in such cases as *Applications of Philadelphia Electric Co.*, 43 Pa. PUC 781 (1968), *Pa. Public Utility Comm'n v. Bell Telephone Co. of Pennsylvania*, 46 Pa. PUC 568 (1973), and *Pa. Public Utility Comm'n v. Butler Twp. Water Co.*, 52 Pa. PUC 442 (1978), as well as those cited above, establishes that considerations in addition to the presence of common questions of law or fact must also be evaluated in ruling on a consolidation. These other considerations are:

1. Will the presence of additional issues cloud a determination of the common issues?
2. Will consolidation result in reduced costs of litigation and decision-making for the parties and the Commission?
3. Do issues in one proceeding go to the heart of an issue in the other proceeding?
4. Will consolidation unduly protract the hearing, or produce a disorderly and unwieldy record?
5. Will different statutory and legal issues be involved?
7. Will consolidation unduly delay the resolution of one of the proceedings?
8. Will supporting data in both proceedings be repetitive?

No single consideration, nor group of these considerations, is dispositive of a consolidation, any more so than the presence of a common question of law or fact. Rather, the evaluation of all of them and a balancing of those favoring and disfavoring consolidation is required.<sup>1</sup>

7. The averments of this paragraph constitute a prayer for relief, to which no response is necessary. To the extent that these averments state conclusions of law, no response is necessary.

8. The averments of this paragraph state conclusions of law to which no response is necessary.

9. The averments of this paragraph state conclusions of law to which no response is necessary.

10. The averments of this paragraph state conclusions of law to which no response is necessary.

<sup>1</sup> *Pub. Util. Comm'n v. City of Lancaster Sewer Fund*, Docket No. R-2012-2310366 (Second Prehearing Order entered November 26, 2012) at 3-4.

11. The averments of this paragraph state conclusions of law, to which no response is necessary.

**WHEREFORE**, in view of the foregoing, the Office of Small Business Advocate respectfully requests that the Pennsylvania Public Utility Commission:

- i. Direct the Office of Administrative Law Judge to hold hearings on the Petition and prepare an initial decision.
- ii. Deny approval of PWSA's Petition unless it is found to be reasonable and equitable to small business customers;
- iii. Grant such other relief as may be necessary or appropriate.

Respectfully submitted,
