**BEFORE THE
PENNSYLVANIA PUBLIC UTILITY COMMISSION**

**Petition of PECO Energy Company for Approval of
its Default Service Program for the Period from June
1, 2021 through May 31, 2025**

Docket No. P-2020-3019290

**PETITION TO INTERVENE
OF STATEWISE ENERGY PENNSYLVANIA LLC**

Pursuant to Section 5.71 to 5.74 of the Pennsylvania Public Utility Commission's ("Commission") regulations, 52 Pa. Code §§ 5.71 to 5.74, StateWise Energy Pennsylvania LLC and SFE Energy Pennsylvania, Inc. (collectively, "StateWise") respectfully submits this petition to intervene in the above referenced-proceeding ("Petition to Intervene").

On March 13, 2020, PECO Energy Company ("PECO") filed a Petition for Approval of its Default Service Plan for the Period from June 1, 2021 through May 31, 2025 ("DSP V Petition"). The DSP V Petition outlines PECO's proposed procurement, implementation, and contingency plan for providing default service supply to PECO customers who do not take service from an alternative electric generation supplier ("EGS"). In support of its Petition to Intervene, StateWise asserts the following:

1. StateWise is a licensed EGS serving residential and commercial customers in Pennsylvania. StateWise offers a range of energy-related value-added products and services, including renewable energy and environmental attributes to support its customers' decarbonization objectives.

2. The DSP V Petition includes proposed products, services, and rates which would apply to all retail customers in PECO's service territory, including customers of StateWise.

3. The name and address of StateWise's attorney is

Fax: (716) 664-4230
gpeterson@phillipslytle.com

4. StateWise's interest in DSP V Petition relates to the integrity of competitive markets in Pennsylvania, including the development, expansion, and maintenance of competitive markets and programs that encourage the provision of innovative value-added retail products and services to Pennsylvania energy customers. In particular, StateWise has concerns about the prudence, appropriateness,

and structure PECO's proposed Renewable Electric Rate as proposed in the DSP V Petition.

5. StateWise intends to participate in the above-referenced proceeding to the extent necessary to protect and advocate for its interests and those of its customers, which cannot be adequately represented by any other party. Without having an opportunity to intervene, StateWise would be bound by the actions taken by the Commission with respect to the DSP V Petition which may have a material impact on StateWise's operations as an EGS serving customers in PECO's service territory.

6. StateWise's participation also serves the public interest as StateWise has extensive experience and industry knowledge that may assist in the development of a complete record on the reasonableness and prudence of programs proposed in the DSP V Petition.

7. As set forth above, StateWise has a substantial and direct interest in this proceeding and satisfies the standards for intervention. 52 Pa. Code § 5.72 (permitting intervention by a party that demonstrates an "interest which may be directly affected and which is not adequately represented by existing participants, and as to which the petitioner may be bound by the action of the Commission in the proceeding").

WHEREFORE, StateWise respectfully requests that the Pennsylvania Public Utility Commission grant this Petition to Intervene, providing StateWise with full party status in this proceeding.

Respectfully submitted,
