Regulation No. 57-319 (#3201)
Pennsylvania Public Utility Commission
Electricity Generation Customer Choice

On March 13, 2018, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Pennsylvania Public Utility Commission (PUC). This rulemaking amends 52 Pa. Code Chapter 54. The proposed regulation was published in the March 24, 2018 *Pennsylvania Bulletin* with a public comment period ending on May 22, 2018. The final-form regulation was submitted to the Commission on April 17, 2020.

This rulemaking amends the PUC's customer information regulations by requiring Electric Generation Suppliers (EGS) to provide customers with additional information regarding their EGS contracts. It also prohibits the imposition of early termination fees between the date an options notice is issued and the expiration of the contract.

We have determined this regulation is consistent with the statutory authority of the PUC (66 Pa. C.S. §§ 501(b), 2807(d)(2), 2809 (b), 2802(9) and 2802(14)) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

BY ORDER OF THE COMMISSION:

This regulation is approved.

George D. Bedwick, Chairman
