SECRETARY'S BUREAU

Dear Secretary Chiavetta,

It's my understanding that Duquesne Light has filed exceptions to Alcosan's request for design plans for the Brunot Cresant Project. I support Alcosan's position to make public all design and engineering plans for the above project. I believe I should be informed of all aspects of construction to be performed on my property.

Duquesne Light has chosen to construct a tower on my property, which has recently been involved in a land slide which is causing Rte 51 to close for over a month. I would like to see the studies that they have performed on my property confirming the tower will be safe and will not cause further damage to property and will be safe for all concerned.

If Duquesne light is following the set codes and the proper construction I can think of no reason for the secrecy. As a public utility I believe its Duquesne Lights duty to inform the public.

I also resent the fact that Duquesne Light thinks of the public as potential terrorists. In my case, I have served honorably with a secret clearance with the United States Army. I have never bee arrested nor am I a drunkard.

I hope this puts Duquesne Lights fears to rest and I hope they don't again suggest any different without supporting documents.

Thank you,

Richard I. Gable
