

Dear Commissioners,

COVID-19 has had devastating public health and economic consequences across Pennsylvania, and many people are experiencing unemployment/underemployment, higher utility bills from staying at home, and other economic stresses. Access to heat, electricity, and water service is crucial for maintaining a safe, healthy, livable home, especially during a global pandemic. It's unconscionable to leave people who are struggling because of lost jobs and income during a pandemic without utilities.

I am writing to urge the Commission to extend the current protections on utility shutoffs beyond March 31, 2021 for all Pennsylvanians currently protected by Phase II of the moratorium. Customers should remain protected throughout the duration of the pandemic.

Additionally, I ask that the Commission develop a just and equitable plan to forgive utility debt. For Pennsylvanians who have suffered during the pandemic to recover economically, they must not be bogged down by utility debt.

Sincerely,

Pilar Guerrero
