Just Energy Pennsylvania Corp Request : Docket No. A-2009-2097544
For Renewal of a Reduction in Level : Utility Code: 1110954
of Security :

JUST ENERGY PENNSYLVANIA CORP COMPLIANCE FILING

I. Introduction

1. Just Energy Pennsylvania Corp (“JEPC” or “Company”) is an electric generation supplier (“EGS”) authorized by the Pennsylvania Public Utility Commission (“PaPUC” or “Commission”) to provide electric generation supplier services to residential, small commercial, large commercial, industrial and governmental customers in the electric distribution company service territories within the Commonwealth of Pennsylvania. JEPC received its initial license to operate as an EGS in the service territory of Duquesne Light Company by Order of December 23, 2009 at Docket No. A-2009-2097544. By Order of June 21, 2012, JEPC obtained authority to operate as an EGC in all electric distribution company service territories in the Commonwealth of Pennsylvania at Docket No. A-2009-2097544. As a licensed EGS, JEPC is subject to the Commission’s authority to require it to furnish a bond or other security in order to operate in the Commonwealth of Pennsylvania, pursuant to Section 2809(c) of the Public Utility Code (“Code”) and Section 54.40 of the Commission’s regulations. 66 Pa.C. S. §2809(c); 52 Pa.Code §54.40.

2. Section 54.40(d) of the Commission’s regulations requires EGSs to provide a security level of 10% of the licensee’s reported gross receipts. However, a licensee may seek approval from the Commission of an alternative level of bonding, commensurate with the nature and scope of its operations. 52 Pa.Code §54.40(d). According to the Commission’s regulations, the purpose of the bond is to ensure payment of the Pennsylvania Gross Receipts Tax (“GRT”)

and to ensure the supply of electricity at the retail level in accordance with contracts, agreements or arrangements. 52 Pa.Code §54.40(f)(2). On July 24, 2014, after consideration of formal comments submitted to a December 5, 2013 Tentative Order, the Commission found that requiring an EGS to post a bond or security in the amount of 10% of gross receipts after the first year of operation “may be excessive in relation to the risk intended to be secured, unnecessarily burdening EGSs, and presenting a potential barrier to entry into Pennsylvania’s retail electric market.”¹ Therefore the Commission announced in the July 24, 2014 Order that it was adopting the policy of accepting applications by EGSs to reduce their level of bonding/security after the first year of operation to 5% of the EGS’s most recent 12 months of gross revenue or \$250,000, whichever is higher. In addition, the July 24, 2014 Order delegated authority to review uncontested requests for a reduction in the level of bonding to the Bureau of Technical Utility Services.² In an Order entered September 20, 2018, the Commission streamlined the process for EGSs to obtain reductions in their annual security obligations and permitted, *inter alia*, the filing of a Compliance Filing for renewal of security rather than a formal Petition.³

3. Based on the July 24, 2014 Order, the September 20, 2018 Order, the Code, the Commission’s regulation at Section 54.40(d) and the following supporting material, JEPC respectfully requests that the Commission accept a reduced security requirement of 5% of its most recent 12 months of gross revenue.

4. By Secretarial Letter Dated October 12, 2017 at Docket No. A-2010-2192137, Utility Code: 1112538, the Commission approved JEPC’s September 6, 2017 Petition for a

security reduction, effective to December 9, 2018. This approval synchronized the Company's twelve (2) month security reduction period with its annual security renewal period. JEPC respectfully requests that the Commission set its new bond reduction renewal date as December 9, 2022 for it and its two other affiliates - Hudson Energy Services, LLC. ("Hudson"), Docket No. A-2010-2192137, and Just Energy Solutions Inc. ("JES"), Docket No. A-110117 (collectively, the "Companies"). Security reduction renewal requests are being separately filed for Hudson and JES requesting the same security reduction periods and annual security renewal dates in order to streamline the entire process for the Commission and the Companies.

II. Information Provided in Support of Security Compliance Filing

5. This Compliance Filing includes Confidential Attachments 1 through 4. Confidential Attachment 1 provides JEPC's gross revenues for the sale of electricity to retail customers in Pennsylvania for the most recent twelve (12) months.

6. Confidential Attachment 2 is a Tax Status Letter of Good Standing obtained by JEPC from the Pennsylvania Department of Revenue.

7. Confidential Attachment 3 documents JEPC's full compliance with the requirements of the Alternative Energy Portfolio Standards ("AEPS") Act.

8. Confidential Attachment 4 is a Department of Revenue RCT-SPEC Specialty Tax Payment Form for JPEC.

9. Confidential Attachment 5 is proof that JEPC has paid its current Annual Assessment fee to the PaPUC for regulatory costs. Proof of payment of the Supplemental Assessment fee due October 10, 2021 will be submitted when available.

10. Based on the foregoing information, JEPC requests that its bonding requirement be maintained at 5% of its most recent twelve (12) months of gross revenue. This amount is

reasonable and satisfies the requirements of Section 2809(c) of the Public Utility Code (“Code”) and Section 54.40 of the Commission’s regulations. 66 Pa.C. S. §2809(c); 52 Pa. Code §54.40. An original security document will be submitted to the Commission when the final quarter of gross revenues is available.

III. Relief Requested and Conclusion

11. Based on its standing as an EGS licensed to do business in Pennsylvania, the Commission’s regulations the July 24, 2014 Order and the September 18, 2020 Order, JEPC respectfully requests that it be authorized to renew its security on file with the Commission to 5% of its most recent twelve (12) months of revenue, effective for the twelve (12) month period to December 9, 2021. JEPC will submit a new bond in this amount that also complies with the Commission’s bond requirements for EGSs listed in Section 55.40(f) of the Commission’s regulations. 52 Pa.Code §54.40(f).

Respectfully submitted,

John F. Povilaitis
