**Re: Columbia Gas of Pennsylvania, Inc. Supplement No. 337  
to Tariff Gas Pa. P.U.C. No. 9.  
Docket No. R-2022-3031211**

Secretary Chiavetta:

Enclosed for filing on behalf of Columbia Gas of Pennsylvania, Inc. (“Columbia”) is Supplement No. 337 to Tariff Gas Pa. P.U.C. No. 9 (“Supplement No. 337”), submitted pursuant to 66 Pa.C.S. § 1308, along with all supporting exhibits, standard data responses, and testimony required to be submitted in conjunction with a tariff change seeking a general rate increase. Supplement No. 337, issued March 18, 2022, to be effective May 17, 2022, changes Columbia’s base distribution rates, and removes, revises, and adds various tariff provisions, and is submitted in compliance with the Pennsylvania Public Utility Commission’s (“Commission”) regulations.

Columbia’s filing reflects an overall revenue increase of approximately \$82.2 million per year. The filing also includes a request for approval of a Revenue Normalization Adjustment mechanism to stabilize utility revenue regardless of changes in actual customer usage, as well as a request for approval of a residential energy efficiency program, with the associated program costs to be recovered through an energy efficiency rider charged to residential customers. Pursuant to the proposed rates in Columbia’s filing notice, which includes the most recently effective gas cost rates, the total bill for a residential customer who purchases 70 therms of gas from

Columbia per month, would increase from \$123.24 to \$135.67 per month, or by 10.09 percent, inclusive of the energy efficiency rider rate. The total bill for a small commercial customer using 150 therms of gas purchased from Columbia per month would increase from \$205.73 to \$223.51, or by 8.64 percent. Rates for a small industrial customer using 1,316 therms of gas from Columbia per month would increase from \$1,476.21 to \$1,586.33 per month, or by 7.46 percent.

The filing consists of nineteen volumes, and is organized as follows:
