Re: PECO Energy Company  
Default Service Program V – Solar Alternative Energy Credit Procurement  
Results from Request for Proposals

Dear Mr. Webster:

On April 29, 2022, PECO Energy Company (PECO) filed the results for the second phase of its DSP V Request for Proposals (RFP) for Solar Alternative Energy Credits (SAECs). The filing includes bid results for 4,000 SAECs delivered annually, for the ten-year period beginning June 2023 and ending May 2033, and a report of the RFP results.

This filing was submitted in accordance with the RFP to Supply SAECs In Compliance With Pennsylvania's Alternative Energy Portfolio Standards Act (AEPS) process and rules, filed by PECO on March 13, 2020. The RFP to Supply SAECs In Compliance With Pennsylvania's AEPS was approved in the Commission's Opinion and Order, entered December 3, 2020, at Docket No. P-2020-3019290.

PECO requests that the Commission approve the bid results and the report of the RFP to Supply SAECs In Compliance With Pennsylvania's AEPS within 10 days, which would be on May 9, 2022.

Further investigation does not appear to be warranted at this time, since the results of the RFP to Supply SAECs In Compliance With Pennsylvania's AEPS and the report appears to have been conducted in accordance with the RFP process and rules as approved by the Commission.

Therefore, we direct PECO to disclose the results of the RFP to Supply SAECs In Compliance With Pennsylvania's AEPS in accordance with the Commission's Secretarial Letter Re: Disclosure of Default Service Solicitation Results and Creation of a Default Service Rate Calculation Model, issued October 12, 2010, at Docket No. M-2009-2082042.

Please direct any questions to Joseph Sherrick, Supervisor of Policy & Planning, Bureau of Technical Utility Services, at (717) 787-5369.

Sincerely,

A handwritten signature in black ink, appearing to read "Rosemary Chiavetta". The signature is written in a cursive style with a large initial "R".

Rosemary Chiavetta
