Pennsylvania Public Utility Commission

vs.

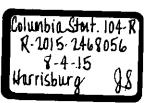

Columbia Gas of Pennsylvania, Inc.

Docket No. R-2015-2468056

REBUTTAL TESTIMONY OF KELLEY K. MILLER ON BEHALF OF COLUMBIA GAS OF PENNSYLVANIA, INC.

July 16, 2015

RECEIVED 7005 AUG -7 PM 12: 06 PA PUC SECRETARY'S BURE AU

K. K. Miller Statement No. 104-R Page 1 of 8

1 2		I. <u>Introduction</u>			
3	Q.	Please state your name and business address.			
4	А.	Kelley K. Miller, 290 Nationwide Blvd, Columbus, Ohio 43215.			
5	Q.	By whom are you employed and in what capacity?			
6	А.	I am employed by NiSource Corporate Services Company ("NCSC"), as a Lead			
7		Regulatory Analyst.			
8	Q.	Are you the same Kelley K. Miller that filed direct testimony in this			
9		proceeding?			
10	А.	Yes.			
	Q.	What is the purpose of your rebuttal testimony?			
12	А.	The purpose of my testimony is to:			
13		• Provide an updated revenue requirement deficiency of \$45,572,790; which			
14		incorporates adjustments provided by all rebuttal company witnesses.			
15		This update is labeled as Exhibit KKM-1R;			
16		• Provide a brief explanation of each item that contributed to the changes to			
17		the Company's revenue requirement;			
18		• Respond to comments made by Mr. Keller, witness for the Bureau of			
19		Investigation and Enforcement ("I&E") regarding rate case expense and			
20		injuries and damages;			

1		• Respond to claims made against annualizing labor and rents & leases made
2		by Mr. Morgan, witness for the Office of Consumer Advocate ("OCA"); and
3		• Identify an error in Rate of Return utilized by Mr. Keller, witness for I&E
4		when determining his recommended revenue requirement deficiency.
5		
6		II. Exhibit KKM-1R, Updated Revenue Requirement
7	Q.	Have you determined a revised revenue requirement deficiency?
8	А.	Yes, Exhibit KKM-1R reflects an updated Exhibit 102, Schedule 3 and computes a
9		revised revenue requirement deficiency of \$45,572,790. This deficiency is noted on
10		Line 13.
11	Q.	Can you provide a summary of items that the Company is adjusting that
12		impact the revenue requirement?
13	А.	Yes, below is a listing of each adjustment:
14	1.	Witness Lai has provided to me a revised Exhibit 103, which changes Exhibit 102,
15		Schedule 3, Page 3, Column 4:
16		a. Line 2, Base Rate Revenues by \$288,409,
17		b. Line 3, Fuel Revenues by \$331,851,
18		c. Line 4, Rider USP by \$77,865,
19		d. Line 5, Gas Procurement Charge by \$4,281
20		e. Line 6, Merchant Function Charge by \$5,454 and
21		f. Line 7, Rider CC by \$54.

1	2.	Witness Lai's revised Exhibit 103 also changes the expenses for Gas Supply and
2		Rider USP within Operations and Maintenance "O&M":
3		a. Line 15, Gas Supply Expenses by \$331,851 and
4		b. Line 18, O&M Expenses by \$77,865
5	3.	Witness Hanson has provided an adjustment of (\$76,200) to O&M Expenses
6		relating to rents and leases,
7	4.	Witness Paloney has provided a Rate Base adjustment of \$126,310,
8	5.	Witness Moul has provided a revised % Rate of Return Earned on Rate Base of
9		8.12%; and
10	6.	Witness Spanos has provided an adjustment of \$32,580 to Amortization
		Expense.
12	Q.	Is the Company proposing any additional changes impacting the
13		revenue requirement deficiency and Exhibit 102?
14	А.	Yes. The adjustments listed above, when worked through the Company's Cost of
15		Service Model, result in updated amounts for Interest Expense, Return on Rate
16		Base, Uncollectible Expense on Additional Revenue Requirement and Income
17		Taxes.
18		
19		III. <u>Rate Case Expense and Injuries & Damages</u>
20	Q.	I&E witness Keller recommends a 15 month normalization period for
21		rate case expenses versus the 12 month normalization period utilized

K. K. Miller Statement No. 104-R Page 4 of 8

by the Company, do you agree? 1 Α. No. The Company utilized a 12 month period for normalizing rate case expense 2 because Columbia is now filing annual rate cases and it anticipates filing annual 3 rate cases in the near future. Therefore, a 12 month normalization period is 4 appropriate. 5 6 Q. Have you reviewed witness Keller's recommendation for determining Injuries & Damages ("I&D") expense? 7 8 Yes. Α. Do you agree with his recommended approach to determining expenses 9 Q. for I&D? 10 4 No. Witness Keller employs the Company's exact same method of determining I&D A. based upon actual cash payments, with one exception. Witness Keller arbitrarily 12 selected a three year average to determine Injuries & Damages expense versus a five 13 year average which was used by the Company. The effect is to remove a year where 14 the Company experienced a higher level of cash payouts for I&D claims. 15 Has the Company utilized a five year average for I&D in prior base rate 16 **Q**. proceedings? 17 Yes. The Company has utilized the same 5 year average of cash payments method, 18 Α. which has not been opposed by I&E, in the Company's last four base rate 19 proceedings. 20 Is it appropriate to select a different time period to normalize, simply to **Q**. 21

1 produce a lower result?

A. No. Columbia has consistently used a five year average of actual I&D payments. It
 is not reasonable to now select a different period to calculate the normalized level
 simply to produce a lower outcome.

5 Q. Has OCA Witness Morgan recommended a different method of 6 determining I&D?

7 A. Yes. Witness Morgan proposes to use an average based upon five years of data,
8 excluding the highest and lowest experienced years. He also includes actual
9 payments, without consideration for inflation over the years.

10Q.Is Witness Morgan's recommended approach consistent with the
current method that was utilized and unopposed by all parties in the12Company's last four base rate proceedings?

A. No it is not. Mr. Morgan's method is quite different than the current method and
 suggests eliminating the use of Average GDP Deflators to restate expenses at
 current levels, eliminating the highest of the five years and the lowest of the five
 years to arrive at a modified historical three year average and eliminating the use of
 inflation factors to arrive at an appropriate level for the FFRY.

18 Q. What is the basis for Mr. Morgan's recommended change in method?

Mr. Morgan rejects the current method as he believes that it "escalates the costs to a
 level not representative of the level of expense recorded by the company". He also
 states that the inclusion of I&D payments in twelve months ended November 2010

in the average would "skew the average upwards".

1

Q. Do you agree with witness Morgan's recommended change in method of determining I&D?

No. The Company has utilized a 5 year average of claims paid so that the Α. 4 fluctuations that do occur in I&D claims are normalized for ratemaking. The use of 5 6 the 5 year average is primarily due to some years having more or less than other years. The removal of the highest or lowest year in a 5 year average is counter to the 7 reason the 5 year average is utilized. The approach is inherently unfair to 8 Columbia, regardless of whether the highest year is the first year or the last year of 9 the five year period, it would always be excluded. As a result, Columbia would be 10 h denied a reasonable opportunity to recover experienced I&D costs. Also, his rejection of using the price deflator and inflation factors doesn't reflect costs at the 12 2016 level. 13

Q. Mr. Morgan asserts that the Company uses five years, excluding high and low amounts, to derive its I&E amount for book purposes. Is this a basis for adopting his method?

A. No. The Company uses accrual accounting for book purposes. That is, the
 Company books an amount to an accrual account for reserve, and charges actual
 I&D payments against the reserve. The Commission does not generally use accruals
 for I&D expense, but actual payments, as accruals can be influenced by the amount
 of a reserve the Company desires to maintain. Thus, the methodology used to

4 Rents & Leases Expense 5 Q. Do you agree with Witness Morgan's opinion expressed on p 6 and 14 of OCA Statement No. 1 regarding annualizing labor 7 and page 19 of OCA Statement No. 1 regarding rents and leases 8 A. No. Annualizing expense is a normal ratemaking adjustment and is p 9 Act 11. Witness Paloney is addressing Act 11 and the use of a FFRY in h 10 testimony. Witness Hanson provides further testimony regarding rents at 11 V. I&E Rate of Return Used to Determine 13 Recommended Revenue Requirement 14 Q. Do you believe that Witness Keller made an error when 15 Witness Mauer recommended an overall rate of return of 7.19%, witheler used a Rate of Return 7.18%.		derive an accrual should not be used to develop the ratemaking expense.		
4 Rents & Leases Expense 5 Q. Do you agree with Witness Morgan's opinion expressed on p 6 and 14 of OCA Statement No. 1 regarding annualizing labor 7 and page 19 of OCA Statement No. 1 regarding rents and leases 8 A. No. Annualizing expense is a normal ratemaking adjustment and is p 9 Act 11. Witness Paloney is addressing Act 11 and the use of a FFRY in h 10 testimony. Witness Hanson provides further testimony regarding rents at 11 V. I&E Rate of Return Used to Determine 13 Recommended Revenue Requirement 14 Q. Do you believe that Witness Keller made an error when 15 Witness Mauer's recommended Rate of Return? 16 A. Yes. Witness Mauer recommended an overall rate of return of 7.19%, wh 17 Keller used a Rate of Return 7.18%.	2			
 Q. Do you agree with Witness Morgan's opinion expressed on p and 14 of OCA Statement No. 1 regarding annualizing labor and page 19 of OCA Statement No. 1 regarding rents and leases A. No. Annualizing expense is a normal ratemaking adjustment and is p Act 11. Witness Paloney is addressing Act 11 and the use of a FFRY in l testimony. Witness Hanson provides further testimony regarding rents a V. <u>I&E Rate of Return Used to Determine</u> <u>Recommended Revenue Requirement</u> Q. Do you believe that Witness Keller made an error when Witness Mauer's recommended Rate of Return? A. Yes. Witness Mauer recommended an overall rate of return of 7.19%, wh Keller used a Rate of Return 7.18%. 	3	IV. <u>Annualizing Labor Expense and</u>		
 and 14 of OCA Statement No. 1 regarding annualizing labor and page 19 of OCA Statement No. 1 regarding rents and leases A.
