Re: Implementation of Act 120 of 2018; Docket Nos. M-2019-3013286 and L-2020-3019521

Dear Secretary Chiavetta:

On behalf of The Pittsburgh Water and Sewer Authority (“PWSA”), we respectfully request that the Commission conduct workshops to provide entities additional guidance on the Commission’s newly adopted lead service line replacement regulations implementing Act 120 of 2018. PWSA encourages the Commission to hold workshops on replacement of lead service lines as addressed in Chapter 65. PWSA anticipates that workshops on the regulations will provide additional clarity for the regulated community.

PWSA suggests that initial workshops be held in the fall of 2022. Additional workshops could be subsequently scheduled to address topics of interest.

PWSA appreciates your consideration of this request to hold workshops on the implementation of Act 120 of 2018 pursuant to the Commission’s lead service line replacement regulations that were published in the *Pennsylvania Bulletin* on July 23, 2022.

Sincerely,

Sarah C. Stoner
