Re: Regulation #57-336 (IRRC #3350)
Pennsylvania Public Utility Commission
Proposed Water Audit Methodology Regulation 52 Pa. Code 65.20a--Water Conservation Measures

Dear Secretary Chiavetta:

On July 13, 2023, the Public Utility Commission reopened the public comment period for the above regulation, in order to seek additional comments on ten enumerated issues. The reopened public comment period closed on August 28, 2023.

The Independent Regulatory Review Commission has reviewed the ten issues and all comments that were received. We have no additional comments to offer on this regulation. However, in the final-form regulation, we ask the PUC to respond to the comments provided by IRRC on December 5, 2022.

Section 5.1(a) of the Regulatory Review Act allows two years from the end of the public comment period to submit a final-form regulation. The referenced regulation must be submitted in final-form by August 28, 2025, in accordance with the Act, or it will be deemed withdrawn.

If either you or other PUC staff has any questions, please feel free to contact me.

Very truly yours,

David Sumner
