RE: *Distributed Energy Resources Participation in Wholesale Markets*
Docket No. L-2023-3044115

To whom it may concern:

On November 9, 2023, the Commission entered a Joint Motion at the above-captioned docket directing its Law Bureau and Bureau of Technical Utility Services to, by February 28, 2024, prepare for the Commission's consideration an Advanced Notice of Proposed Rulemaking (ANOPR) regarding any amendments or additions needed to align existing Commission regulations or policy statements with the Federal Energy Regulatory Commission's (FERC) Order No. 2222.

In an effort to obtain initial input from distributed energy resource (DER) aggregators, which may be impacted by the ANOPR, the Pennsylvania Public Utility Commission (Commission) will be hosting a virtual meeting via TEAMS on February 1, 2024 from 2:00 pm – 3:00 pm EST. At this meeting, stakeholders will have the opportunity to share their ideas with Commission staff on issues and topics to be addressed in the ANOPR proceeding.

Please indicate your intention to participate in this meeting by e-mail to Kayla Cobaugh, kacobaugh@pa.gov by January 31, 2024. As the date of the meeting approaches, a TEAMS meeting invite will be sent to all stakeholders who have communicated their intent to attend.

If you have any other questions, please contact Deputy Chief Counsels Kriss Brown, kribrown@pa.gov and Elizabeth Barnes, ebarnes@pa.gov. Thank you in advance for your participation as the Commission works to harmonize its regulations and policy statements with Order No. 2222.

Sincerely,

Rosemary Chiavetta
Secretary
