Understanding Your Bill

- Act 129 Compliance Rider** - Monthly charge to recover costs for energy efficiency and conservation programs approved by the PUC.
- Customer Charge** - The basic service charge to partially cover costs for billing, meter reading, equipment and service line maintenance. If you select a new supplier, the name, address and telephone number for both your distribution and supplier company will appear on your bill.
- Distribution Charge (Delivery)** - Part of the basic service charges on every customer's bill for delivering electricity from the electric distribution company to your home or business. The distribution charge is regulated by the Public Utility Commission. This charge will vary according to how much electricity you use.
- Generation Charge (Supply)** - Part of the basic service charges on every customer's bill for producing electricity. Generation service is competitively priced and is not regulated by the Public Utility Commission. This charge depends on the contract between the customer and the supplier.
- Kilowatt-hour (kWh)** - The basic unit of electric energy for which most customers are charged in cents per kilowatt-hour. A kilowatt-hour is the equivalent of using ten 100-watt light bulbs for one hour.
