To Whom It May Concern:

Please be advised I am writing in protest of the rate increases of PPD Elec. The rates in no way reflect the usage. My house is not electrically heated. Power is held to a minimum.

I am a senior citizen 90 yrs old, Veteran + on pension +55. No bills should be over \$300 or \$200. The Co. has money it can use for whatever without raising rates !!!

Thank you. Sincerely:

Daniel Greig
