NOTES:

- No amendments to agenda.
- February 2016 Public Minutes adopted.
- No website comments.
- No monthly C2C reported results comments.
- No PA Regulatory updates.
- NY CWG met last month and decided to meet again in June and then quarterly going forward unless issues arise and members call for a meeting.
- Key party not available to update status of execution of revised PA Statement of Purpose.
- No additional edits offered for the PA CWG Agreement
- Key party not available to provide feedback on proposed change to meeting cadence. Decision made to keep the June meeting. If no substantive reason for keeping the meetings on a two-month cadence is presented at the June meeting, we will move to Quarterly, and consider meeting semi-annually after that.
- The consensus on face to face meeting in Harrisburg remains the same. If there is no important business impacting issue to discuss, financial justification and approval would be a concern for most parties.
- No new agenda items were offered for the June meeting.
